FY2018 - Performance Measurement Module (Sys PM)

Summary Report for PA-509 - Eastern Pennsylvania CoC

For each measure enter results in each table from the System Performance Measures report generated out of your CoCs HMIS System. There are seven performance measures. Each measure may have one or more “metrics” used to measure the system performance. Click through each tab above to enter FY2017 data for each measure and associated metrics.

RESUBMITTING FY2018 DATA: If you provided revised FY2018 data, the original FY2018 submissions will be displayed for reference on each of the following screens, but will not be retained for analysis or review by HUD.

ERRORS AND WARNINGS: If data are uploaded that creates selected fatal errors, the HDX will prevent the CoC from submitting the System Performance Measures report. The CoC will need to review and correct the original HMIS data and generate a new HMIS report for submission.

Some validation checks will result in warnings that require explanation, but will not prevent submission. Users should enter a note of explanation for each validation warning received. To enter a note of explanation, move the cursor over the data entry field and click on the note box. Enter a note of explanation and “save” before closing.

Measure 1: Length of Time Persons Remain Homeless

This measures the number of clients active in the report date range across ES, SH (Metric 1.1) and then ES, SH and TH (Metric 1.2) along with their average and median length of time homeless. This includes time homeless during the report date range as well as prior to the report start date, going back no further than October, 1, 2012.

Metric 1.1: Change in the average and median length of time persons are homeless in ES and SH projects.

Metric 1.2: Change in the average and median length of time persons are homeless in ES, SH, and TH projects.

a. This measure is of the client’s entry, exit, and bed night dates strictly as entered in the HMIS system.

1.2 Persons in ES, SH, and TH	4368	4266	4005	140	128	96	-32	43	51	44	-7

b. This measure is based on data element 3.17.

This measure includes data from each client's Living Situation (Data Standards element 3.917) response as well as time spent in permanent housing projects between Project Start and Housing Move-In. This information is added to the client's entry date, effectively extending the client's entry date backward in time. This "adjusted entry date" is then used in the calculations just as if it were the client's actual entry date.

The construction of this measure changed, per HUD's specifications, between FY 2016 and FY 2017. HUD is aware that this may impact the change between these two years.

Measure 2: The Extent to which Persons who Exit Homelessness to Permanent Housing Destinations Return to Homelessness

This measures clients who exited SO, ES, TH, SH or PH to a permanent housing destination in the date range two years prior to the report date range. Of those clients, the measure reports on how many of them returned to homelessness as indicated in the HMIS for up to two years after their initial exit.

After entering data, please review and confirm your entries and totals. Some HMIS reports may not list the project types in exactly the same order as they are displayed below.

FY2018 - SysPM Data Quality

PA-509 - Eastern Pennsylvania CoC

This is a new tab for FY 2016 submissions only. Submission must be performed manually (data cannot be uploaded). Data coverage and quality will allow HUD to better interpret your Sys PM submissions.

Your bed coverage data has been imported from the HIC module. The remainder of the data quality points should be pulled from data quality reports made available by your vendor according to the specifications provided in the HMIS Standard Reporting Terminology Glossary. You may need to run multiple reports into order to get data for each combination of year and project type.

You may enter a note about any field if you wish to provide an explanation about your data quality results. This is not required.

Exhibit 4-A: CCHA Local Preferences

Exhibit 4-B: Domestic Violence Shelter Verification Form

EXHIBIT 4-A: LOCAL PREFERENCES

CUMBERLAND COUNTY HOUSING AUTHORITY

EFFECTIVE JULY 1, 2011

1. Displacement by CCHRA Action

First preference will be given to households who have been displaced by any Cumberland County Housing and Redevelopment Authority project resulting in their loss of a fixed, regular and adequate nighttime residence. Applicants must be residing in the project at the time of displacement and must show proof of residence. Applicants assisted under this preference must lease in Cumberland County for at least two years.

Second preference will be divided equally between the Transitional Housing/Domestic Violence Shelter Preference and the Working Family Preference listed below.

2. Transitional Housing / Domestic Violence Shelter Preference

Preference will be given to qualified households who are living in the Cumberland County Domestic Violence Shelter or a transitional housing facility which has an operating plan acceptable to the Housing Authority, and who have completed their service plan based on information supplied by the Shelter or transitional housing provider. Households qualifying under the domestic violence preference are not permitted to have the abusing individual visit or reside in the unit for twelve months after move-in. Applicants will be required to complete a Domestic Violence Verification form (See appendix at end of chapter). Applicants receiving the Transitional Housing/Domestic Violence preference are required to lease in Cumberland County for at least two years. To retain this preference, applicants must be living in the facility on the date the voucher is issued. (A single individual or couple who are not elderly or disabled are not considered a qualified household for the bridge housing/DVS preference.)

This preference will also be given to persons transitioning out of Single Room Occupancy (SRO) facilities and other transitional or permanent housing operated by homeless providers into neighborhood based permanent housing. Applicants with a diagnosis of Intellectual & Developmental Disabilities who are on the Cumberland/Perry MH/IDD Emergency and Critical lists for residential service and who are transitioning from a community living arrangement (group home); or from a previous living arrangement (temporary shelter, family home, etc.); or individuals with a priority mental health diagnosis who are transitioning from a Community Residential Rehabilitation (CRR) program and/or have completed an independent living skills assessment with a supportive living worker will be given this preference. The referral process will include a recommendation from the individual's Mental Health (MH) Case Manager, Support Coordinator or Primary Residential Worker that supports the consumer's ability to live

independently and identifies any supports and services needed for and agreed to by the consumer. Available services and supports include: case management, psychiatric rehabilitation, support coordination, supportive living, social rehabilitation, financial management, transportation, supported employment, emergency on-call supports, social rehabilitation, and mobile crisis intervention as well as traditional services such as outpatient therapy and medication management. It is understood that continuation of mental health services is voluntary by the consumer. The Housing Authority may assist the consumer to contact the appropriate MH base service unit in order to access needed services at any time.

Individuals/families certified by Cumberland County Children and Youth Services who are in need of adequate housing to maintain custody or to reunify with their children; and youths at least 18 years old and not more than 21 years old (have not reached 22nd birthday) who left foster care, a Community Residential Rehab Host Home and/or Residential Treatment Facility at age 16 or older and who do not have adequate housing will be given this preference.

3. Working Family Preference

This preference will be given to households that have at least one adult member who is working and has worked 20 hours a week or more for the past six months. (Special rules apply to applicants who have been laid off due to a reduction in force or business/plant closing. See S8 Administrative Plan.) An applicant household shall be given the benefit for working families described above if the head of household or spouse are:

- a) 62 years of age or older **or**
- b) receiving Social Security Disability, Supplemental Security Income disability benefits or any other benefits based on an individual's inability to work. In addition, single parent households with children 5 years of age or younger shall receive the benefit of this working family preference.

Single parent households may use school or job training hours approved by the Cumberland County Housing Authority to satisfy this requirement. The Housing Authority requires that the parent/student is attending a full-time educational or job training program and provide verification from the education institution that:

- a) the educational program will lead to employment with good wages and possibly benefits, as evidenced, for example, by the experience of recent graduates of the program;
- b) the parent is making satisfactory progress; and
- c) the school does not believe it is advisable for the parent/student to attempt to work 20 hours per week while also trying to meet the program demands.

Where these requirements are met, the Housing Authority may count the number of hours that the parent/student attends school or training toward the 20 hour per week requirement. The

parent/student would be required to work to make up the difference between the number of hours he/she attends school and 20 hours per week.

For all of the preference categories described above, preference will be given to households that live or work in Cumberland County. Applicant must be employed at least six months in the county to qualify for this residency preference with no break in employment of more than 30 days. If applicant works for a temporary employment service, the applicant's assignment must be in the county. Preference must be maintained through lease-up.

Treatment of Single Applicants

Applicants who are elderly or disabled will be given a selection priority over all "Other Single" applicants, regardless of preference status. "Other Singles" denotes a one-person household in which the individual member is not elderly, disabled, or displaced by government action. Such applicants will be placed on the waiting list in accordance with any other preferences to which they are entitled, but they cannot be selected for any assistance before any one person elderly or disabled family regardless of local preferences.

4-III.B. SELECTION METHOD

HAMCs must describe the method for selecting applicant families from the waiting list, including the system of admission preferences that the HAMC will use.

Local Preferences [24 CFR 960.206]

HAMCs are permitted to establish local preferences and to give priority to serving families that meet those criteria. HUD specifically authorizes and places restrictions on certain types of local preferences. HUD also permits the HAMC to establish other local preferences, at its discretion. Any local preferences established must be consistent with the HAMC plan and the consolidated plan, and must be based on local housing needs and priorities that can be documented by generally accepted data sources [24 CFR 960.206(a)].

HAMC Policy

The HAMC will use the following local preference:

HAMC Policy

- A. Veteran: A veteran or spouse who has served on Federal Active Duty for a period of more than 180 days (i.e. 181 days, etc.) and was discharged or released from such active duty with other than a dishonorable discharge, or if less than 180 days was discharged or released from active duty because of a service-connected disability.
- B. Monroe County Resident: An adult who is living and/or working in Monroe County, PA.
- C. Victim of Domestic Violence: "Victim". A person who is physically or sexually abused by a family or household member, as defined under the "Protection from Abuse Act", Act of December 19, 1990, P.L. 1240, No. 206, as amended, found at 23Pa.C.S.A. 6101. The term shall also include persons who have a significant relationship with the victim and who seek advice, counseling, or assistance from a domestic violence counselor or advocate regarding abuse of the victim.
- D. Homeless:
 - 1. A family/person who lacks a fixed, regular and adequate nighttime residence; or
 - 2. A family/person who has a primary nighttime residence that is:
 - a. a supervised publicly or privately operated shelter designed to provide temporary living accommodations; or
 - b. a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.
- E. Working or Work Training Program
 - Working Family. The head of household or spouse must be legally employed. The head of household or spouse must work for wages, commissions, or other consideration of value and have been so gainfully employed at application. It must be apparent that employment is of a continuous nature and the head of household or spouse must anticipate such continuous employment after the date of placement. Self-employed

4-III.C. SELECTION METHOD

PHAs must describe the method for selecting applicant families from the waiting list, including the system of admission preferences that the HAMC will use [24 CFR 982.202(d)].

Local Preferences [24 CFR 982.207; HCV p. 4-16]

PHAs are permitted to establish local preferences, and to give priority to serving families that meet those criteria. HUD specifically authorizes and places restrictions on certain types of local preferences. HUD also permits the HAMC to establish other local preferences, at its discretion. Any local preferences established must be consistent with the HAMC plan and the consolidated plan, and must be based on local housing needs and priorities that can be documented by generally accepted data sources.

 - b. a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.**
- E. Working or Work Training Program**

Working Family. The head of household or spouse must be legally employed. The head of household or spouse must work for wages, commissions, or other consideration of value and have been so gainfully employed at application. It must be apparent that employment is of a continuous nature and the head of household or spouse must anticipate such continuous employment after the date of placement. Self-employed individuals would qualify for this Local Preference if the head of the household was able to demonstrate 9 months of self-employment immediately prior to the date of placement. If the head of

household or spouse is 62 or older, or is a person with disabilities; they will be given this preference.

Approved Job Training Program. Any head of household or spouse who is participating in, or enrolled for participation in training, education, or employment program funded by HUD, JTPA, or any other Federal, state or local organization, provided that the program's primary purpose is to prepare low and very low-income individuals for economic independence or family self-sufficiency. Attendance must be verified in writing by the training, education, or employment provider.

D. INITIAL DETERMINATION OF LOCAL PREFERENCE QUALIFICATION

[24 CFR 5.415]

At the time of application, an applicant's entitlement to a Local Preference may be made on the following basis.

If the preference verification indicates that an applicant does not qualify for the preference, the applicant will be returned to the waiting list without the Local Preference and given an opportunity for a meeting.

E. RANKING PREFERENCES

The HA will rank preferences to prioritize applicants.

These categories will receive a ranking preference:

Victims of Domestic Violence - 2

Income Targeting Requirement [24 CFR 982.201(b)(2)]

HUD requires that extremely low-income (ELI) families make up at least 75 percent of the families admitted to the HCV program during the PHA's fiscal year. ELI families are those with annual incomes at or below the federal poverty level or 30 percent of the area median income, whichever number is higher. To ensure this requirement is met, a HAMC may skip non-ELI families on the waiting list in order to select an ELI family.

If an applicant's failure to respond to a request for information or update was caused by his/her verified disability, the HACC will provide reasonable accommodation to give him/her an opportunity to respond.

An applicant may remove his/her name from the waiting list by requesting that his/her application be canceled. Subsequent to cancellation, an applicant may re-apply but will not be given consideration for his/her position on the waiting list under the previous application.

5. Purging of the Waiting List

The HACC will periodically update the waiting list to ensure that it is current and accurate by mailing a notification to the applicant at his/her last known address, requesting confirmation of his/her continued interest in remaining on the waiting list. The applicant will be given seven (7) calendar days to return the notice of continued interest.

If the HACC does not receive a response within seven (7) calendar days, the HACC will notify the applicant that his/her name will be withdrawn from the waiting list. The applicant will have an opportunity for an Informal Review.

The HACC is not responsible for mail delays. If the applicant fails to notify the HACC of a move, the HACC will not be responsible for the applicant's failure to receive the notice of continued interest.

6. Finalizing the Determination

If the HACC does not have sufficient funds to subsidize the family unit size of the family at the top of the waiting list, the HACC will not skip the top waiting list family in order to admit an applicant family with a smaller family unit size that can be immediately supported with available funding.

D. SELECTION

All information on the application will be verified when the HACC estimates that a Voucher can be issued within 60 days. A family will not be selected for admission until verification of all required information, including Citizenship, has been provided.

1. Selection will be made based upon the HACC's obligation that at least seventy five percent (75%) of all new admissions to the Section 8 Program not have incomes that exceed 30% of the area median income;
2. The HACC will monitor admissions every six (6) months to determine compliance with the 75% Income Targeting requirement; and

3. The HACC will admit families to the Section 8 Program to comply with the Income Targeting requirement, and may adjust the waiting list selection to do so.

At any time the HACC may, at its sole discretion and without notice, adjust the selection of Income Targeting Eligible families to an amount between 75% and 100% if it has determined that an insufficient number of families whose incomes do not exceed 30% of the area median income are being admitted to the Section 8 Program.

E. TARGETING AND PREFERENCES

Eligible applicants will be placed on the waiting list and selected for admission based upon date, time and Federal Income Targeting eligibility requirements, except as provided for "Homeless Vouchers" in Chapter 4 Section F.

1. Federal Income Targeting

All families whose annual gross incomes do not exceed 30% of the area median income (extremely-low-income) at the time of admission will be considered Federal Income Targeting Eligible. Seventy-five percent (75%) of all new admissions to the Section 8 Program are required to be in this category. Families who do not meet this income requirement will be placed on the waiting list as Federal Income Targeting ineligible.

Where necessary, a request will be made to HUD by the HACC to establish and implement different targeting standards, for "good cause", in accordance with the HACC's Public Housing Agency Plan. "Good cause" may include, but is not limited to, the requirement to house eligible families as special non-waiting list admissions and the treatment of the family's income for the purposes of eligibility and Federal Income Targeting.

2. Preferences

Eligible applicants who qualify for a local preference are entitled to be placed on the waiting list and receive a preference in selection of Housing Vouchers. Families who qualify as local preference holders, as defined in this section, will be admitted prior to families who do not have a local preference within either the Federal Income Targeting Eligible or Federal Income Targeting Ineligible categories of the waiting list. All Local Preferences will be rated as equal, having no individual weight or aggregate value for multiple preferences.

The HACC will place families on the waiting list as either Federal Income Targeting Eligible or Federal Income Targeting Ineligible, by time and date of application, and by any Local Preference as described below. Over/Under housed Public Housing residents will receive highest priority on the Preference Waiting List. Applicants who fall within Transitional Housing or Domestic Violence preference will receive second priority on the Preference Waiting List. Within this preference category, families will be selected according to the date and time their completed application was received by the PHA. The remaining preference categories, Homeless Elderly/Disabled, Involuntarily Displaced, and Homeless will carry equal weight on the preference list.

OVERHOUSED PUBLIC HOUSING RESIDENTS -Any resident of Beaver Farm Apartments, who no longer qualifies to reside in Public Housing. (Must have two children to qualify) In the event a child moves out of the unit and the resident no longer has two children residing in the household the resident would qualify for preference.

TRANSITIONAL HOUSING - Any participant of the Bridge Housing or Supportive Housing Program would qualify for preference. These participants would be facing homelessness if not referred to the Section 8 Housing Choice Voucher Preference List. These applicants would be referred by Housing Transitions, Inc., the Women's Resource Center, or other similar agency that assists homeless families. The status of such homeless families must be verified by the referring.

→ **DOMESTIC VIOLENCE** - The head of household and/or members of your family are victims of actual or threatened domestic violence. The domestic violence should have occurred recently or be of a continuing nature. An applicant may qualify for victims of domestic violence if the applicant vacated a unit because of domestic violence or lives in a unit with a person who engages in violence. An applicant who qualifies for the preference should certify that the person who engaged in the violence will not reside with the applicant family. If the family is admitted, the PHA may deny or terminate assistance for breach of the agreement. The status of such victims of domestic violence must be verified by Women's Resource, Center for Domestic Violence or other similar agency that assists victims of domestic violence.

→ **HOMELESS ELDERLY/DISABLED** -The head of household and/or spouse must be homeless and elderly (62 years or older) or homeless and disabled as defined in Section 223 of the Social Security Act.

INVOLUNTARILY DISPLACED - INCLUDES situations where the landlord does not renew the lease; displacement due to non-suspicious fires, disasters, government action or action by a private owner that the tenant could not control or prevent; action carried out by a government agency in connection with a public improvement or development program. DOES NOT INCLUDE evictions for non-payment of rent; lease violations, or damages caused to the property; being asked to vacate the premises if there has been no previous rental agreement and the applicant has been part of the owner/tenant's own household immediately prior to application; overcrowding if the unit is otherwise adequate.

→ HOMELESSNESS -A homeless individual or family is one who lacks a fixed, regular, or nighttime residence and has a primary nighttime residence that is a supervised publicly or privately operated shelter (includes welfare hotels, congregate shelters, and transitional housing for the mentally ill); an institution that provides a temporary residence for individuals intended to be institutionalized; or an individual or family who will imminently lose their housing within 14 days. *NOTE-DOES NOT INCLUDE AN INDIVIDUAL IN PRISON OR DETAINED BY LAW.

We understand the need for housing assistance in Centre County and in order to fairly offer assistance for all needed, when vouchers become available the PHA will invite individuals/families from both the Section 8 HCV waiting list and the Preference List. For every ten (10) individuals/families offered assistance, seven (7) will be from the Centre County HCV Waiting List (until exhausted) and three (3) from the Preference List (until exhausted). Once these lists are exhausted individuals from the Others outside Centre County List will be offered assistance.

F. PREFERENCE DENIAL

A preference does not guarantee admission. The applicant must meet all HACC tenant screening criteria before being selected as a tenant.

If the applicant's preference cannot be verified, the applicant will be notified of the preference denial and given the opportunity for an informal hearing.

The HACC will not give a preference to an applicant if any member of the family is a person who was evicted during the past three (3) years, because of drug-related activity, violent criminal activity or alcohol abuse from housing assisted under a 1937 Housing Act program.

G. SPECIAL ADMISSIONS (NON-WAITING LIST SELECTION)

A special admission is the admission of an applicant who is not on the HACC's waiting list or who is admitted without consideration of the applicant's waiting list position. The HACC will admit families as special admissions under the following conditions:

1. If HUD awards funding that is targeted for families living in specified units:
 - The HACC will use the assistance for the families living in these units; and
 - The HACC will maintain records showing that a family was admitted with HUD-targeted assistance.

Welcome to the SPDAT Line of Products

The Service Prioritization Decision Assistance Tool (SPDAT) has been around in various incarnations for over a decade, before being released to the public in 2010. Since its initial release, the use of the SPDAT has been expanding exponentially and is now used in over one thousand communities across the United States, Canada, and Australia.

More communities using the tool means there is an unprecedented demand for versions of the SPDAT, customized for specific client groups or types of users. With the release of SPDAT V4, there have been more current versions of SPDAT products than ever before.

VI-SPDAT Series

The Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT) was developed as a pre-screening tool for communities that are very busy and do not have the resources to conduct a full SPDAT assessment for every client. It was made in collaboration with Community Solutions, creators of the Vulnerability Index, as a brief survey that can be conducted to quickly determine whether a client has high, moderate, or low acuity. The use of this survey can help prioritize which clients should be given a full SPDAT assessment first. Because it is a self-reported survey, no special training is required to use the VI-SPDAT.

Current versions available:

- VI-SPDAT V 2.0 for Individuals
- VI-SPDAT V 2.0 for Families
- VI-SPDAT V 1.0 for Youth

All versions are available online at

www.orgcode.com/products/vi-spdatt/

SPDAT Series

The Service Prioritization Decision Assistance Tool (SPDAT) was developed as an assessment tool for front-line workers at agencies that work with homeless clients to prioritize which of those clients should receive assistance first. The SPDAT tools are also designed to help guide case management and improve housing stability outcomes. They provide an in-depth assessment that relies on the assessor's ability to interpret responses and corroborate those with evidence. As a result, this tool may only be used by those who have received proper, up-to-date training provided by OrgCode Consulting, Inc. or an OrgCode certified trainer.

Current versions available:

- SPDAT V 4.0 for Individuals
- SPDAT V 2.0 for Families
- SPDAT V 1.0 for Youth

Information about all versions is available online at

SPDAT Training Series

To use the SPDAT, training by OrgCode or an OrgCode certified trainer is required. We provide training on a wide variety of topics over a variety of mediums.

The full-day in-person SPDAT Level 1 training provides you the opportunity to bring together as many people as you want to be trained for one low fee. The webinar training allows for a maximum of 15 different computers to be logged into the training at one time. We also offer online courses for individuals that you can do at your own speed.

The training gives you the manual, case studies, application to current practice, a review of each component of the tool, conversation guidance with prospective clients – and more!

Current SPDAT training available:

- Level 0 SPDAT Training: VI-SPDAT for Frontline Workers
- Level 1 SPDAT Training: SPDAT for Frontline Workers
- Level 2 SPDAT Training: SPDAT for Supervisors
- Level 3 SPDAT Training: SPDAT for Trainers

Other related training available:

- Excellence in Housing-Based Case Management
- Coordinated Access & Common Assessment
- Motivational Interviewing
- Objective-Based Interactions

Every assessor in your community regardless of organization completing the VI-SPDAT should use the same introductory script. In that script you should highlight the following information:

- the name of the assessor and their affiliation (organization that employs them, volunteer as part of a Point in Time Count, etc.)
- the purpose of the VI-SPDAT being completed
- that it usually takes less than 7 minutes to complete
- that only "Yes," "No," or one-word answers are being sought
- that any question can be skipped or refused
- where the information is going to be stored
- that if the participant does not understand a question or the assessor does not understand the question that clarification can be provided
- the importance of relaying accurate information to the assessor and not feeling that there is a correct or preferred answer that they need to provide, nor information they need to conceal

Appendix A: About the VI-SPDAT

The HEARTH Act and federal regulations require communities to have an assessment tool for coordinated entry - and the VI-SPDAT and SPDAT meet these requirements. Many communities have struggled to comply with this requirement, which demands an investment of considerable time, resources and expertise. Others are making it up as they go along, using “gut instincts” in lieu of solid evidence. Communities need practical, evidence-informed tools that enhance their ability to satisfy federal regulations and quickly implement an effective approach to access and assessment. The VI-SPDAT is a first-of-its-kind tool designed to fill this need, helping communities end homelessness in a quick, strategic fashion.

The VI-SPDAT

The VI-SPDAT was initially created by combining the elements of the Vulnerability Index which was created and implemented by Community Solutions broadly in the 100,000 Homes Campaign, and the SPDAT Prescreen Instrument that was part of the Service Prioritization Decision Assistance Tool. The combination of these two instruments was performed through extensive research and development, and testing. The development process included the direct voice of hundreds of persons with lived experience.

The VI-SPDAT examines factors of current vulnerability and future housing stability. It follows the structure of the SPDAT assessment tool, and is informed by the same research backbone that supports the SPDAT - almost 300 peer reviewed published journal articles, government reports, clinical and quasi-clinical assessment tools, and large data sets. The SPDAT has been independently tested, as well as internally reviewed. The data overwhelmingly shows that when the SPDAT is used properly, housing outcomes are better than when no assessment tool is used.

The VI-SPDAT is a triage tool. It highlights areas of higher acuity, thereby helping to inform the type of support and housing intervention that may be most beneficial to improve long term housing outcomes. It also helps inform the order - or priority - in which people should be served. The VI-SPDAT does not make decisions; it informs decisions. The VI-SPDAT provides data that communities, service providers, and people experiencing homelessness can use to help determine the best course of action next.

Version 2

Version 2 builds upon the success of Version 1 of the VI-SPDAT with some refinements. Starting in August 2014, a survey was launched of existing VI-SPDAT users to get their input on what should be amended, improved, or maintained in the tool. Analysis was completed across all of these responses. Further research was conducted. Questions were tested and refined over several months, again including the direct voice of persons with lived experience and frontline practitioners. Input was also gathered from senior government officials that create policy and programs to help ensure alignment with guidelines and funding requirements.

You will notice some differences in Version 2 compared to Version 1. Namely:

- it is shorter, usually taking less than 7 minutes to complete;
- subjective elements through observation are now gone, which means the exact same instrument can be used over the phone or in-person;
- medical, substance use, and mental health questions are all refined;
- you can now explicitly see which component of the full SPDAT each VI-SPDAT question links to; and,
- the scoring range is slightly different (Don't worry, we can provide instructions on how these relate to results from Version 1).

Appendix B: Where the VI-SPDAT is being used in the United States

Since the VI-SPDAT is provided completely free of charge, and no training is required, any community is able to use the VI-SPDAT without the explicit permission of Community Solutions or OrgCode Consulting, Inc. As a result, the VI-SPDAT is being used in more communities than we know of. It is also being used in Canada and Australia.

Welcome to the SPDAT Line of Products

The Service Prioritization Decision Assistance Tool (SPDAT) has been around in various incarnations for over a decade, before being released to the public in 2010. Since its initial release, the use of the SPDAT has been expanding exponentially and is now used in over one thousand communities across the United States, Canada, and Australia.

More communities using the tool means there is an unprecedented demand for versions of the SPDAT, customized for specific client groups or types of users. With the release of SPDAT V4, there have been more current versions of SPDAT products than ever before.

VI-SPDAT Series

The Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT) was developed as a pre-screening tool for communities that are very busy and do not have the resources to conduct a full SPDAT assessment for every client. It was made in collaboration with Community Solutions, creators of the Vulnerability Index, as a brief survey that can be conducted to quickly determine whether a client has high, moderate, or low acuity. The use of this survey can help prioritize which clients should be given a full SPDAT assessment first. Because it is a self-reported survey, no special training is required to use the VI-SPDAT.

Current versions available:

- VI-SPDAT V 2.0 for Individuals
- VI-SPDAT V 2.0 for Families
- VI-SPDAT V 2.0 for Youth

All versions are available online at

www.orgcode.com/products/vi-spdats/

SPDAT Series

The Service Prioritization Decision Assistance Tool (SPDAT) was developed as an assessment tool for front-line workers at agencies that work with homeless clients to prioritize which of those clients should receive assistance first. The SPDAT tools are also designed to help guide case management and improve housing stability outcomes. They provide an in-depth assessment that relies on the assessor's ability to interpret responses and corroborate those with evidence. As a result, this tool may only be used by those who have received proper, up-to-date training provided by OrgCode Consulting, Inc. or an OrgCode certified trainer.

Current versions available:

- SPDAT V 4.0 for Individuals
- SPDAT V 4.0 for Families
- SPDAT V 4.0 for Youth

Information about all versions is available online at

SPDAT Training Series

To use the SPDAT, training by OrgCode or an OrgCode certified trainer is required. We provide training on a wide variety of topics over a variety of mediums.

The full-day in-person SPDAT Level 1 training provides you the opportunity to bring together as many people as you want to be trained for one low fee. The webinar training allows for a maximum of 15 different computers to be logged into the training at one time. We also offer online courses for individuals that you can do at your own speed.

The training gives you the manual, case studies, application to current practice, a review of each component of the tool, conversation guidance with prospective clients – and more!

Current SPDAT training available:

- Level 0 SPDAT Training: VI-SPDAT for Frontline Workers
- Level 1 SPDAT Training: SPDAT for Frontline Workers
- Level 2 SPDAT Training: SPDAT for Supervisors
- Level 3 SPDAT Training: SPDAT for Trainers

Other related training available:

- Excellence in Housing-Based Case Management
- Coordinated Access & Common Assessment
- Motivational Interviewing
- Objective-Based Interactions

More information about SPDAT training, including pricing, is available online at

Opening Script

Every assessor in your community regardless of organization completing the VI-SPDAT should use the same introductory script. In that script you should highlight the following information:

- the name of the assessor and their affiliation (organization that employs them, volunteer as part of a Point in Time Count, etc.)
- the purpose of the VI-SPDAT being completed
- that it usually takes less than 7 minutes to complete
- that only "Yes," "No," or one-word answers are being sought
- that any question can be skipped or refused
- where the information is going to be stored
- that if the participant does not understand a question that clarification can be provided
- the importance of relaying accurate information to the assessor and not feeling that there is a correct or preferred answer that they need to provide, nor information they need to conceal

Appendix A: About the VI-SPDAT

The HEARTH Act and federal regulations require communities to have an assessment tool for coordinated entry - and the VI-SPDAT and SPDAT meet these requirements. Many communities have struggled to comply with this requirement, which demands an investment of considerable time, resources and expertise. Others are making it up as they go along, using “gut instincts” in lieu of solid evidence. Communities need a practical, evidence-informed way to satisfy federal regulations while quickly implementing an effective approach to access and assessment. The VI-SPDAT is a first-of-its-kind tool designed to fill this need, helping communities end homelessness in a quick, strategic fashion.

The VI-SPDAT

The VI-SPDAT was initially created by combining the elements of the Vulnerability Index which was created and implemented by Community Solutions broadly in the 100,000 Homes Campaign, and the SPDAT Prescreen Instrument that was part of the Service Prioritization Decision Assistance Tool. The combination of these two instruments was performed through extensive research and development, and testing. The development process included the direct voice of hundreds of persons with lived experience.

The VI-SPDAT examines factors of current vulnerability and future housing stability. It follows the structure of the SPDAT assessment tool, and is informed by the same research backbone that supports the SPDAT - almost 300 peer reviewed published journal articles, government reports, clinical and quasi-clinical assessment tools, and large data sets. The SPDAT has been independently tested, as well as internally reviewed. The data overwhelmingly shows that when the SPDAT is used properly, housing outcomes are better than when no assessment tool is used.

The VI-SPDAT is a triage tool. It highlights areas of higher acuity, thereby helping to inform the type of support and housing intervention that may be most beneficial to improve long term housing outcomes. It also helps inform the order - or priority - in which people should be served. The VI-SPDAT does not make decisions; it informs decisions. The VI-SPDAT provides data that communities, service providers, and people experiencing homelessness can use to help determine the best course of action next.

Version 2

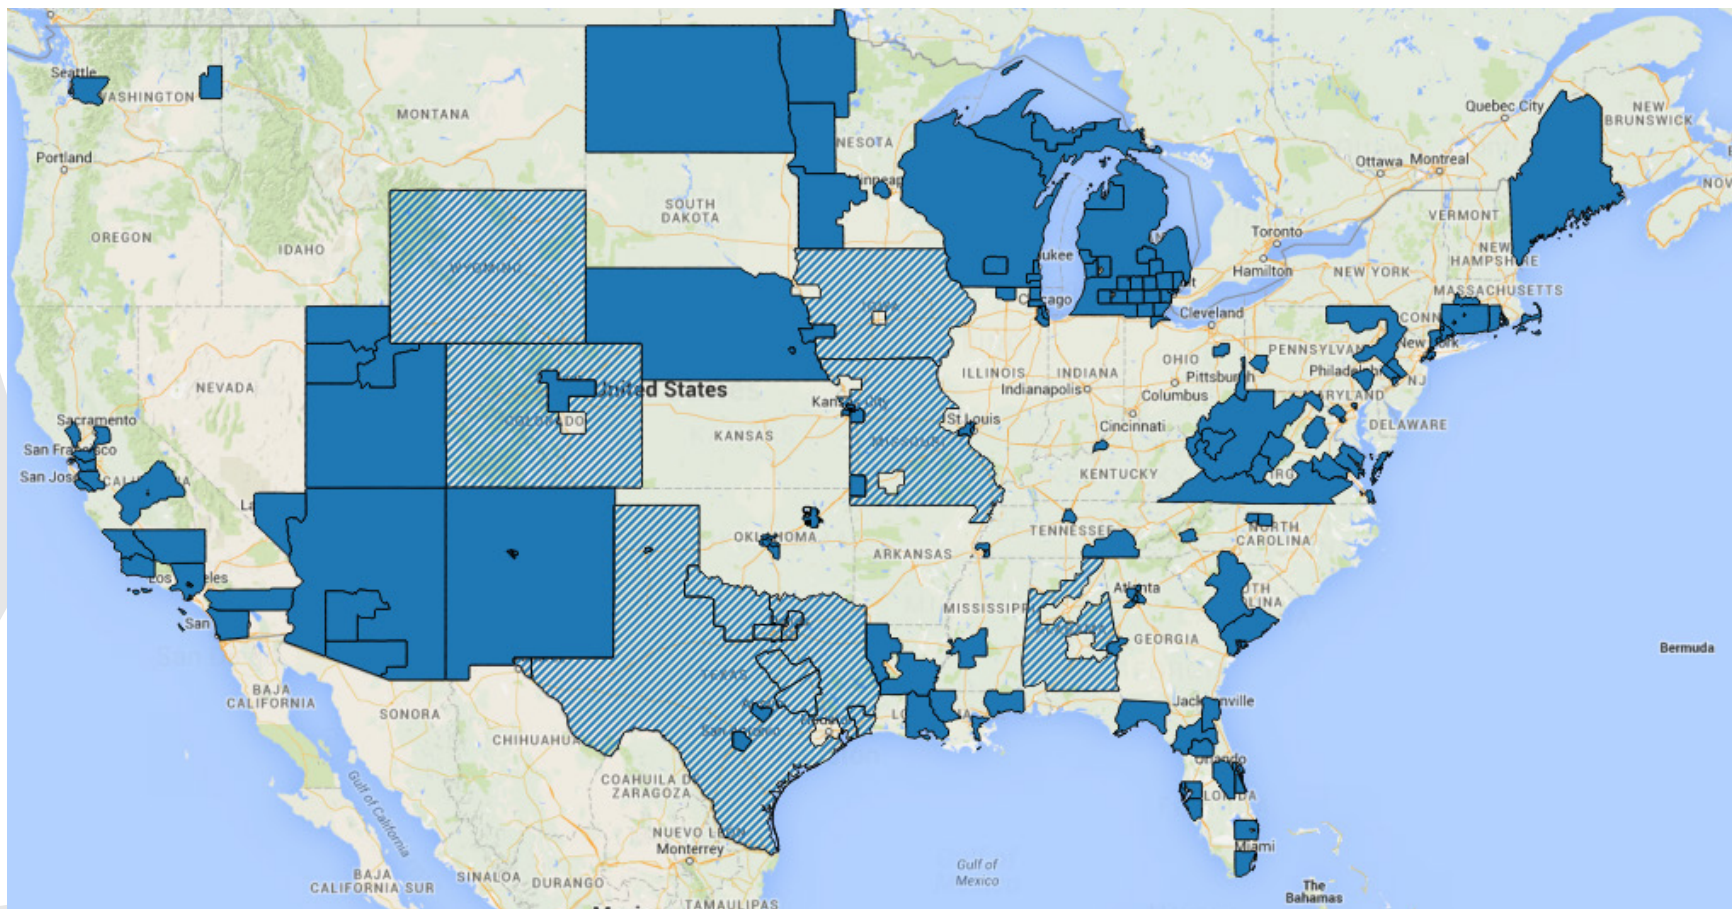

Version 2 builds upon the success of Version 1 of the VI-SPDAT with some refinements. Starting in August 2014, a survey was launched of existing VI-SPDAT users to get their input on what should be amended, improved, or maintained in the tool. Analysis was completed across all of these responses. Further research was conducted. Questions were tested and refined over several months, again including the direct voice of persons with lived experience and frontline practitioners. Input was also gathered from senior government officials that create policy and programs to help ensure alignment with guidelines and funding requirements.

You will notice some differences in Version 2 compared to Version 1. Namely:

- it is shorter, usually taking less than 7 minutes to complete;
- subjective elements through observation are now gone, which means the exact same instrument can be used over the phone or in-person;
- medical, substance use, and mental health questions are all refined;
- you can now explicitly see which component of the full SPDAT each VI-SPDAT question links to; and,
- the scoring range is slightly different (Don't worry, we can provide instructions on how these relate to results from Version 1).

Appendix B: Where the VI-SPDAT is being used in the United States

Since the VI-SPDAT is provided completely free of charge, and no training is required, any community is able to use the VI-SPDAT without the explicit permission of Community Solutions or OrgCode Consulting, Inc. As a result, the VI-SPDAT is being used in more communities than we know of. It is also being used in Canada and Australia.

Welcome to the SPDAT Line of Products

The Service Prioritization Decision Assistance Tool (SPDAT) has been around in various incarnations for over a decade, before being released to the public in 2010. Since its initial release, the use of the SPDAT has been expanding exponentially and is now used in over one thousand communities across the United States, Canada, and Australia.

More communities using the tool means there is an unprecedented demand for versions of the SPDAT, customized for specific client groups or types of users. With the release of SPDAT V4, there have been more current versions of SPDAT products than ever before.

VI-SPDAT Series

The Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT) was developed as a pre-screening tool for communities that are very busy and do not have the resources to conduct a full SPDAT assessment for every client. It was made in collaboration with Community Solutions, creators of the Vulnerability Index, as a brief survey that can be conducted to quickly determine whether a client has high, moderate, or low acuity. The use of this survey can help prioritize which clients should be given a full SPDAT assessment first. Because it is a self-reported survey, no special training is required to use the VI-SPDAT.

Current versions available:

- VI-SPDAT V 2.0
- Family VI-SPDAT V 2.0
- Next Step Tool for Homeless Youth V 1.0

All versions are available online at

www.orgcode.com/products/vi-spdats/

SPDAT Series

The Service Prioritization Decision Assistance Tool (SPDAT) was developed as an assessment tool for front-line workers at agencies that work with homeless clients to prioritize which of those clients should receive assistance first. The SPDAT tools are also designed to help guide case management and improve housing stability outcomes. They provide an in-depth assessment that relies on the assessor's ability to interpret responses and corroborate those with evidence. As a result, this tool may only be used by those who have received proper, up-to-date training provided by OrgCode Consulting, Inc. or an OrgCode certified trainer.

Current versions available:

- SPDAT V 4.0 for Individuals
- F-SPDAT V 2.0 for Families
- Y-SPDAT V 1.0 for Youth

Information about all versions is available online at

www.orgcode.com/products/spdat/

SPDAT Training Series

To use the SPDAT assessment product, training by OrgCode or an OrgCode certified trainer is required. We provide training on a wide variety of topics over a variety of mediums.

The full-day in-person SPDAT Level 1 training provides you the opportunity to bring together as many people as you want to be trained for one low fee. The webinar training allows for a maximum of 15 different computers to be logged into the training at one time. We also offer online courses for individuals that you can do at your own speed.

The training gives you the manual, case studies, application to current practice, a review of each component of the tool, conversation guidance with prospective clients – and more!

Current SPDAT training available:

- Level 0 SPDAT Training: VI-SPDAT for Frontline Workers
- Level 1 SPDAT Training: SPDAT for Frontline Workers
- Level 2 SPDAT Training: SPDAT for Supervisors
- Level 3 SPDAT Training: SPDAT for Trainers

Other related training available:

- Excellence in Housing-Based Case Management
- Coordinated Access & Common Assessment
- Motivational Interviewing
- Objective-Based Interactions

More information about SPDAT training, including pricing, is available online at

The TAY-VI-SPDAT – The Next Step Tool for Homeless Youth

OrgCode Consulting, Inc. and Community Solutions joined forces with the Corporation for Supportive Housing (CSH) to combine the best parts of products and expertise to create one streamlined triage tool designed specifically for youth aged 24 or younger.

Every assessor in your community regardless of organization completing the VI-SPDAT should use the same introductory script. In that script you should highlight the following information:

- the name of the assessor and their affiliation (organization that employs them, volunteer as part of a Point in Time Count, etc.)
- the purpose of the VI-SPDAT being completed
- that it usually takes less than 7 minutes to complete
- that only "Yes," "No," or one-word answers are being sought
- that any question can be skipped or refused
- where the information is going to be stored
- that if the participant does not understand a question that clarification can be provided
- the importance of relaying accurate information to the assessor and not feeling that there is a correct or preferred answer that they need to provide, nor information they need to conceal

- income and source of it
- current restrictions on where a person can legally reside
- children that may reside with the youth at some point in the future
- safety planning

Appendix A: About the TAY-VI-SPDAT

The HEARTH Act and federal regulations require communities to have an assessment tool for coordinated entry - and the VI-SPDAT and SPDAT meet these requirements. Many communities have struggled to comply with this requirement, which demands an investment of considerable time, resources and expertise. Others are making it up as they go along, using “gut instincts” in lieu of solid evidence. Communities need practical, evidence-informed tools that enhance their ability to satisfy federal regulations and quickly implement an effective approach to access and assessment. The VI-SPDAT is a first-of-its-kind tool designed to fill this need, helping communities end homelessness in a quick, strategic fashion.

The VI-SPDAT

The VI-SPDAT was initially created by combining the elements of the Vulnerability Index which was created and implemented by Community Solutions broadly in the 100,000 Homes Campaign, and the SPDAT Prescreen Instrument that was part of the Service Prioritization Decision Assistance Tool. The combination of these two instruments was performed through extensive research and development, and testing. The development process included the direct voice of hundreds of persons with lived experience.

The VI-SPDAT examines factors of current vulnerability and future housing stability. It follows the structure of the SPDAT assessment tool, and is informed by the same research backbone that supports the SPDAT - almost 300 peer reviewed published journal articles, government reports, clinical and quasi-clinical assessment tools, and large data sets. The SPDAT has been independently tested, as well as internally reviewed. The data overwhelmingly shows that when the SPDAT is used properly, housing outcomes are better than when no assessment tool is used.

The VI-SPDAT is a triage tool. It highlights areas of higher acuity, thereby helping to inform the type of support and housing intervention that may be most beneficial to improve long term housing outcomes. It also helps inform the order - or priority - in which people should be served. The VI-SPDAT does not make decisions; it informs decisions. The VI-SPDAT provides data that communities, service providers, and people experiencing homelessness can use to help determine the best course of action next.

The Youth – Transition Age Youth Tool from CSH

Released in May 2013, the Corporation for Supportive Housing (CSH) partnered with Dr. Eric Rice, Assistant Professor at the University of Southern California (USC) School of Social Work, to develop a triage tool that targets homeless Transition Age Youth (TAY) for permanent supportive housing. It consists of six items associated with long-term homelessness (five or more years) among transition-aged youth (age 18-24).

Version 2 of the VI-SPDAT

Version 2 builds upon the success of Version 1 of the VI-SPDAT with some refinements. Starting in August 2014, a survey was launched of existing VI-SPDAT users to get their input on what should be amended, improved, or maintained in the tool.

Analysis was completed across all of these responses. Further research was conducted. Questions were tested and refined over several months, again including the direct voice of persons with lived experience and frontline practitioners. Input was also gathered from senior government officials that create policy and programs to help ensure alignment with guidelines and funding requirements.

The TAY-VI-SPDAT – The Next Step Tool for Homeless Youth

One piece of feedback was the growing concern that youth tended to score lower on the VI-SPDAT, since the Vulnerability Index assesses risk of mortality which is less prevalent among younger populations. So, in version 2 of the VI-SPDAT, OrgCode Consulting, Inc. and Community Solutions joined forces with CSH to combine the best parts of the TAY, the VI, and the SPDAT to create one streamlined triage tool designed specifically for youth aged 24 or younger.

If you are familiar with the VI-SPDAT, you will notice some differences in the TAY-VI-SPDAT compared to VI-SPDAT version 1. Namely:

- it is shorter, usually taking less than 7 minutes to complete;
- subjective elements through observation are now gone, which means the exact same instrument can be used over the phone or in-person;
- medical, substance use, and mental health questions are all refined;
- you can now explicitly see which component of the full SPDAT each VI-SPDAT question links to; and,
- the scoring range is slightly different (Don't worry, we can provide instructions on how these relate to results from Version 1).

Appendix B: Where the VI-SPDAT is being used in the United States

Since the VI-SPDAT is provided completely free of charge, and no training is required, any community is able to use the VI-SPDAT without the explicit permission of Community Solutions or OrgCode Consulting, Inc. As a result, the VI-SPDAT is being used in more communities than we know of. It is also being used in Canada and Australia.

Jeff Rich
Clinton County Housing Coalition

RE : New project application submitted to Eastern PA CoC

Dear Jeff,

Thank you for submitting an application to the Eastern PA CoC under the FY2019 Continuum of Care New Permanent Housing Project RFP. Clinton County Housing Coalition's application was reviewed and approved by the Funding Committee. The Funding Committee requested that you amend your original budget proposal and submit an updated budget in the amount of \$202,023 (or as close to \$202,023 as possible).

- **Clinton County Housing Coalition has been approved to apply for a RRH project under the CoC Bonus in the amount of \$202,023.**

Next steps:

- **Please respond by COB on Tuesday, September 10th to easterncoc@pennsylvaniacoc.org with the project's official name.** This must be the name that will be provided within your new project application to HUD.
- You will need to create a new project application on e-snaps, HUD's CoC online application system. If you are not familiar with the esnaps system, please use the tools available at: <https://www.hudexchange.info/resource/2909/coc-project-application-instructions-for-new-projects/>
- Please note that DMA has created two videos to assist you with preparing the new project application in e-snaps, which can be found here:
 - CoC NOFA New Projects in esnaps: <https://www.youtube.com/watch?v=tfxpXc0IM9E&t=7s>
 - CoC NOFA esnaps Content Details for New Projects: <https://www.youtube.com/watch?v=8h1kEDfCRvw&t=14s>
- **By COB on Friday, September 13th, please provide a PDF of your application to our office for review.** The email should be sent to easterncoc@pennsylvaniacoc.org. Please make sure the subject line includes the words "New Project Application – Agency Name". (If you are not able to make the September 13th deadline, please let us know as soon as possible and ensure that you submit no later than September 16th – we know this timeline is tight!). *Please note that your preliminary application includes many of the narrative responses you will need to respond to the questions in esnaps.*

Thank you for the commitment of your organization and staff to be a partner to the Eastern PA CoC as we work together to reduce and end homelessness.

Sincerely,

Dave Young

Sarah Panovec
Third Street Alliance for Women and Children

RE : New project application submitted to Eastern PA CoC

Dear Sarah,

Thank you for submitting an application to the Eastern PA CoC under the FY2019 Continuum of Care New Permanent Housing Project RFP. Third Street Alliance for Women and Children's application was reviewed and approved by the Funding Committee. The Funding Committee requested that you amend your original budget proposal and submit an updated budget in the amount of \$202,024 (or as close to \$202,024 as possible).

- **Third Street Alliance for Women and Children has been approved to expand their existing RRH project in the amount of \$202,024 (CoC Bonus).**

Next steps:

- **Please respond by COB on Tuesday, September 10th to easterncoc@pennsylvaniacoc.org with the project's official name.** This must be the name that will be provided within your new project application to HUD.
- For expansion projects a total of 3 applications must be submitted in esnaps :
 - **Renewal** project application that mirrors the current project eligible for FY 2019 renewal (you have already submitted this in esnaps; however, it must be amended to reflect that you are applying for an expansion project);
 - **New** project application(s) with the expanded activities; and
 - **Renewal** project application that mirrors the current project eligible for FY 2019 renewal, **plus** the expanded activities of the new project.
- You will need to create a new project application and additional renewal project application (that mirrors the current FY19 renewal plus the expanded activities) on e-snaps, HUD's CoC online application system. If you need more information on submitting these applications, please use the following tools: Renewal Project Application Detailed Instructions: <https://www.hudexchange.info/resource/2910/coc-project-application-instructions-for-renewal-projects/>; New Project Application Detailed Instructions: <https://www.hudexchange.info/resource/2910/coc-project-application-instructions-for-renewal-projects/>
- Please note that DMA has created two videos to assist you with preparing the new project application in e-snaps, which can be found here:
 - CoC NOFA New Projects in esnaps: <https://www.youtube.com/watch?v=tfxpXc0IM9E&t=7s>
 - CoC NOFA esnaps Content Details for New Projects: <https://www.youtube.com/watch?v=8h1kEDfCRvw&t=14s>

- You have already submitted your existing renewal application in esnaps. DMA will release this application back to you so that you can amend it to indicate that you are seeking an expansion.
- **By COB Friday, September 13th, please provide a PDF of the two other required applications to DMA for review.** The email should be sent to easterncoc@pennsylvaniacoc.org. Please make sure the subject line includes the words “Expansion and New Project Application – Agency Name”. (If you are not able to make the September 13th deadline, please let us know as soon as possible and ensure that you submit no later than September 16th – we know this timeline is tight!)

PA BoS NOFA Webinar FY2019-7-23-19-final.pdf; Dropbox Links for CoC Grantees - East 2019.pdf;

Dear Eastern PA CoC-funded Grantees-

Please read this important message about submission of Renewal Project Applications for the CoC NOFA Competition.

As part of the Eastern PA CoC's Consolidated Application for the 2019 CoC Competition, DMA will undertake a review of all renewal project applications prior to the submission of these applications into the e-snaps system by grantees. Instructions for submitting this information are provided below.

- **By August 6, 2019 at 5pm:** All agencies with renewal project applications are being asked to **provide a PDF of your completed Renewal Project Application(s) exported from e-snaps.**
- **The PDF of your Renewal Project Application should be submitted to Dropbox.** Attached to this email you will find a list of Dropbox links; each project will have its own unique link.
- **Please DO NOT SUBMIT your Renewal Project Application(s) in e-snaps.** If you accidentally submit the application, please contact us at easterncoc@pennsylvaniacoc.org and we will release the application back to you.
- **IMPORTANT CHANGE REGARDING PROJECT NAMES:**
 - When you set up your FY2019 renewal project in e-snaps, **you must insert the "six digit PIN" from your project's grant number at the beginning of the project name.** Your "six digit PIN" is the first six digits of your grant number.
 - For example for grant number PA0123L3T091811:
 - Applicant Name: DMA Homeless Services
 - Project Name: PA0123 - Elkins Park Rapid Re-Housing Project

- **The PDF file name should be: 2019 Renewal App – Agency Name – Project Name**
- To clarify something that was stated in the webinar, grantees will *not* be permitted to implement service participation requirements as the current CoC policies will remain in effect for this NOFA round. This may be revisited in future NOFA rounds.
- **Prior to submitting your application**, check the Submission Summary to make sure ALL sections have been completed.
- **By August 20:** You will receive a project review form with required corrections.
- **By August 26 (or within 5 working days of receipt of your review):** You must **submit** your corrected application on e-snaps.

ATTACHMENTS - The following documents are attached to this email to assist with completing the above steps:

- **CoC NOFA Webinar from 7/23/19-** see slides 55-64 for e-snaps tips
- **Dropbox url links-** You will use these links to upload your project application.

RESOURCES - The following resources are also available to assist in the completion of your renewal project application:

- Main e-snaps CoC application page: <https://www.hudexchange.info/programs/e-snaps/>
- Project Applicant Profile: <https://www.hudexchange.info/resource/2958/instructions-for-updating-the-project-applicant-profile/>

- Consolidation: <https://www.hudexchange.info/resource/5723/consolidating-eligible-renewals-during-the-fy-2018-coc-program-competition/>
- Slides from the NOFA webinar held on July 23rd are attached to this email. The recording of that webinar is also available online at [DMA FY2019 CoC NOFA Webinar Recording](#).

CONSOLIDATION - If you are considering consolidating projects:

- Please let us know. If you intend to consolidate we will set up a Dropbox for submitting your application for consolidation.
- Please follow the instructions above to submit the individual applications in e-snaps for each renewal project that you would like to consolidate. Be sure to make no substantive changes to the budget or units, beds or households served.
- When submitting a consolidated renewal application, please include “Consolidation” or “Consolidated” in the Project Name so that we can distinguish that application from the individual applications.

If you have questions regarding completing your renewal project application(s), please email those to DMA at easterncoc@pennsylvaniacoc.org. We will work to assist you as quickly as possible. **The schedule for new projects and renewal ranking will be forthcoming.**

Thank you for your continued participation in the CoC application process and the work you and your agencies do to end homelessness everyday!

2018 Eastern PA CoC - Renewal Ranking Criteria and Scoring - finalized 8-6-18, updated 8-28-18.pdf; Eastern PA CoC FY19_Renewal Project Summary Form_FOR REFERENCE.pdf;

****THIS IS AN IMPORTANT NOTICE REGARDING THE FY19 COC NOFA COMPETITION****

Dear Eastern PA CoC (PA-509) Grantee,

Preparations to respond to the FY2019 NOFA are underway and the annual HUD-CoC project renewal evaluations are set to proceed.

We will be using an online survey form (in addition to data collected from HMIS) to gather renewal project scoring information this year. Please carefully review the information and questions provided in the survey so that you are answering the specific questions asked and providing relevant information. Only one survey response for each project will be accepted.

You are asked to complete the survey by **5pm on Wednesday, August 28th** for each CoC Renewal Project your agency operates. **The online survey can be accessed here:**

<http://sgiz.mobi/s3/Eastern-PA-CoC-FY2019-Renewal-Summary-Form>

Agencies concerned that they will not be able to meet this deadline due to extenuating circumstances should immediately contact the CoC email account, which is monitored by DMA staff (easterncoc@pennsylvaniacoc.org). Additional detail regarding this process:

- Please submit a separate renewal summary form survey for each 2019 CoC project renewal within your organization.
- **You will required to submit/upload required attachments in order to submit this survey form. Required attachments include: 1) ELOCCS summary page, 2) documentation of APR Submission Date. Instructions are provided in the survey regarding these required documents. IN addition:**
 - If you did not draw down 90% of your project grant during your last grant year you will be required to submit supplemental information about prior and current draw down rates.
 - If your project was monitored by HUD in the last two years you will be required to submit supplemental information.
 - **DV projects will be required to submit an APR from their Comparable Database.**
- SSO-Coordinated Entry projects will be asked to complete a separate, shorter survey which will be sent to them directly.
- You will receive an automatic response by email with a copy of your submission when you complete each survey.
- We will be working to quickly provide you with a preliminary score. We expect preliminary scores to be released the week after the data is submitted.
- **After the preliminary scores are released, there will be a data review period during which questions can be asked about your outcomes and scoring. You will also be able to correct your data within HMIS, if necessary. Upon the data review period, final renewal scores will be released. At that time, if there is a discrepancy that was not able to be addressed by DMA and/or the HMIS Consultant, grantees will be able to appeal their renewal score. The CoC's Funding Policies, including the Appeal Policy will be distributed with the preliminary scores and final scores and posted to the CoC website.**
- **The renewal scoring process will conclude by mid-September.**

The 2019 Renewal Scoring Criteria is currently pending review by the Non-Conflicted Members of the CoC Board. However, we have attached the 2018 Renewal Scoring Criteria as a general reference. We will provide the 2019 Renewal Scoring Criteria as soon as it is approved.

We have also attached a hard copy of the Renewal Summary Form Survey (*provided for reference only, if you wish to view the questions outside of the Survey Gizmo survey*). Please do not submit any survey responses or attachments outside of Survey Gizmo.

Questions should be submitted to the CoC email account, which is being monitored by DMA staff: easterncoc@pennsylvaniacoc.org.

Thank you for your ongoing participation and engagement in this process!

Respectfully,
DMA staff

Eastern PA CoC FY2019 Renewal Summary Form

Eastern PA CoC
2019 Renewal Summary Form
Submit by Wednesday, 8/28/2019 at 5pm

Project Scoring

Each CoC funded program in the Eastern PA CoC seeking renewal funding in the FY2019 competition will be scored on their outcomes in addressing the following:

- **Project Performance**
- **Project Monitoring**
- **Contributing to Ending Homelessness and Goals of Opening Doors**
- **CoC Participation**

Sources of Data

The data for scoring each project is drawn from the following sources: HMIS, this Renewal Summary Form including required attachments, and the CoC/RHABs for participation. DV programs that do not participate in HMIS will be asked to submit a copy of their APR for the period October 1, 2017 to September 30, 2018, using data from a Comparable Database.

Instructions for the FY2019 Renewal Summary Form

- Please submit a separate renewal summary form survey for each 2019 CoC project renewal within your organization.
- You will required to submit/upload required attachments in order to submit this survey form. Required attachments include: 1) ELOCCS summary page, 2) documentation of APR Submission Date. Instructions are provided in the survey regarding these required documents. In addition:

- If you did not draw down 90% of your project grant in the last grant year you will be required to submit supplemental information.
 - If your project was monitored by HUD in the last two years you will be required to submit supplemental information.
 - DV projects will be required to submit an APR from their Comparable Database.
 - Please follow the instructions provided with each question included on this form to ensure that the required information is included and the naming convention is followed so that the reviewer is aware of which documents have been submitted.
 - Please review this form fully in advance of the submission date, which is 08/28/2019. We recognize that this is short turn-around time. If you have extenuating circumstances that prevent you from meeting this deadline, you must contact DMA (easterncoc@pennsylvaniacoc.org) as soon as possible prior to the due date to make arrangements to submit the required information.
 - While completing the survey, you may click "Save and Continue" in the top right corner to save your work and continue later. A link to continue your survey will be emailed to you.
 - Questions: Any questions about this form may be directed to: easterncoc@pennsylvaniacoc.org or 215-576-1558.

Housing First

Please answer the 10 questions below regarding the Housing First practices of this project.

39) Admission/tenant screening and selection practices promote the acceptance of applicants regardless of their sobriety or use of substances, completion of treatment, and participation in services.

(Comments Optional)*

☐ Yes

☐ No

Comments:

40) Applicants are not rejected on based on having no income, minor criminal convictions, or behaviors that indicate a lack of "housing readiness."

(Comments Optional)

*

☐ Yes

☐ No

Comments:

41) Supportive services emphasize housing procurement over therapeutic goals. Services plans are highly tenant-driven without predetermined goals.

(Comments Optional)

*

☐ Yes

☐ No

Comments:

42) Participation in services or program compliance is not a condition of staying in our program.

(Comments Optional)

*

☐ Yes

☐ No

Comments:

43) Use of alcohol or drugs in and of itself is not considered a reason for program dismissal.

(Comments Optional)

*

☐ Yes

☐ No

Comments:

44) We prioritize those with the highest need for services (per Coordinated Entry Community Queue) rather than "first come/first serve", such as duration of homelessness and other barriers.

(Comments Optional)

*

☐ Yes

☐ No

Comments:

45) Case managers/service coordinators are trained in and actively employ evidence-based practices for client/tenant engagement such as motivational interviewing and client-centered counseling.

(Comments Optional)

*

☐ Yes

☐ No

Comments:

46) Services are informed by a harm reduction philosophy that recognizes that drug and alcohol use and addiction are a part of tenants' lives, where tenants are engaged in non-judgmental communication regarding drug and alcohol use, and where tenants are offered education regarding how to avoid risky behaviors and engage in safer practices.

(Comments Optional)

*

☐ Yes

☐ No

Comments:

47) Our primary focus is assisting people in our program with a housing plan for swift exit from homelessness to permanent housing upon enrollment.

****Please read this email in its entirety, as this email pertains to the renewal project scoring and ranking process.**

Attached you will find the 2019 Renewal Ranking Calculator. This document has been created using data submitted through each project's Renewal Summary Form, eLOCCS documentation, APR documentation, meeting attendance records, and data entered into PA-HMIS or HMIS Comparable database.

Please review the Ranking Calculator for accuracy. If something does not seem correct, please review the information that you originally submitted to DMA via Survey Gizmo and/or your data in PA-HMIS. If you identify an error or have a question about the scoring criteria, please contact DMA via the email address below prior to 12pm on Thursday, September 12th. Errors submitted after 12pm on September 12th will not be addressed.

To assist with your review of your HMIS data, DCED has created the attached "CoC Ranking HMIS Details Guide 2019", which will walk you through the data pulled from PA-HMIS. Attached you can also find the FY2019 CoC-funding Processes and Policies.

Process for reporting an error or submitting a question:

- Send an email to easterncoc@pennsylvaniacoc.com
- Use the subject line: "East Scoring Error – ORGANIZATION NAME/FIRST 6 DIGITS OF GRANT NUMBER"
- Within the body of the email please provide a description of the error and reference the relevant ranking criteria number, per the attached "2019 Eastern PA CoC: Renewal Scoring Criteria". If appropriate, please provide any relevant supporting documentation.

If your issue cannot be resolved through DMA or PA-HMIS staff, you will have the opportunity to appeal your ranking score to the CoC's Funding Committee.

Process for filing an appeal to Funding Committee:

- By September 12th at 12pm, please submit an Appeal Form survey at <http://sgiz.mobi/s3/Eastern-PA-CoC-2019-Scoring-Appeal-Form>
- In the Appeal Form survey you will be asked to identify which criteria you are appealing, provide a written description of your issue, why this issue could not be corrected by DMA and/or PA-HMIS staff, as well as any supporting documentation. The Funding Committee will evaluate any requests received during their next scheduled meeting, and grantees will be informed by email about the outcome of their appeal.

Attached you will find the following relevant documents:

- FY2019 Eastern PA CoC Renewal Ranking Calculator (which is a very large Excel file with many tabs)
- 2019 Eastern PA CoC: Renewal Scoring Criteria
- Eastern PA CoC FY2019 CoC Funding Process and Policies
- CoC Ranking HMIS Details Guide 2019

Please let us know before September 12th at 12pm if you have any questions using the above described procedure.

Thank you,
DMA staff

Eastern PA CoC Seeks Comments on Renewal Ranking Criteria and Scoring Standards for FY2019 Revisions

Dear Eastern CoC Grantees and Partners,

The Eastern PA CoC Seeks Comments on Renewal Ranking Criteria and Scoring Standards Revisions for FY19 CoC NOFA Competition.

As part of the annual review and revision of the Eastern PA CoC Renewal Ranking Criteria and Scoring Standards for the annual HUD CoC NOFA Competition, the CoC is soliciting feedback on specific issues related to renewal project scoring criteria. Due to the diversity of projects within the CoC, the CoC seeks to ensure that the criteria are able to fairly evaluate diverse projects.

Stakeholders, including HUD CoC grantees, are encouraged to review the [2018 Renewal Project Scoring Sheet](#) and provide comments. The CoC is specifically considering changes around the following criteria:

- Criteria 12a, 12b, 13a, 13b- Cost Effectiveness Criteria- Input on alternate methodology is requested.

- Criterion 17a- Vulnerability/Severity of Need- Input on alternate methodology is requested.
- Criterion 19- Housing First- Requesting other ideas for evaluating compliance with Housing First.

Please note that comments need not be limited to the criteria noted above, and may address any of the criteria or propose additional criteria.

Submitting Comments:

- Comments may be submitted via the following Survey Gizmo link – <https://www.surveymoz.com/s3/5082628/Eastern-PA-CoC-Comments-on-Renewal-Ranking-Criteria-and-Scoring-Standards>
- Comments should be submitted no later than 5pm on Friday, July 26, 2019.
- When providing comments related to a scoring criterion, please be as specific as possible.

Your input and participation in this process is greatly appreciated.

2019 RFP for New HUD CoC Permanent Housing, DV Rapid Rehousing, and DV Coordinated Entry Specialist

Eastern PA CoC

Fri 8/16/2019 4:53 PM

To: Eastern PA CoC <easterncoc@pennsylvaniacoc.org>

The Eastern PA Continuum of Care is releasing three Requests for Proposals (RFPs) to solicit new projects as part of the FY19 CoC Competition:

- (1) New Permanent Housing Project RFP**
- (2) Domestic Violence Rapid Re-Housing Project RFP**
- (3) Domestic Violence Coordinated Entry Specialist RFP**

The Eastern PA CoC is soliciting Preliminary Applications from agencies interested in applying for new projects, including: 1) Permanent Supportive Housing projects serving Chronically Homeless Individuals/ Families, 2) Rapid Re-Housing, 3) Domestic Violence-Dedicated Rapid Re-Housing, and 4) Domestic Violence Coordinated Entry Specialist. [Please click the following links to view the RFPs](#)

- [New Permanent Housing Project RFP](#) (Permanent Supportive Housing and Rapid Rehousing)
- [Domestic Violence Rapid Rehousing RFP](#)
- [Domestic Violence Coordinated Entry Specialist RFP](#)

The projects selected through these RFP's will be submitted to HUD as part of the Eastern PA CoC's FY2019 Continuum of Care Application. Organizations may apply to any of the three RFP's.

To apply, a **Preliminary Application and a Proposed Budget must be submitted via Survey Gizmo by Close of Business on August 30, 2019**. The CoC will inform organizations responding to each RFP if their project was selected by September 13, 2019. Application materials and Survey Gizmo links can be found below:

Eastern PA Continuum of Care (CoC) FY2019 Request for Proposals NEW Permanent Housing Project

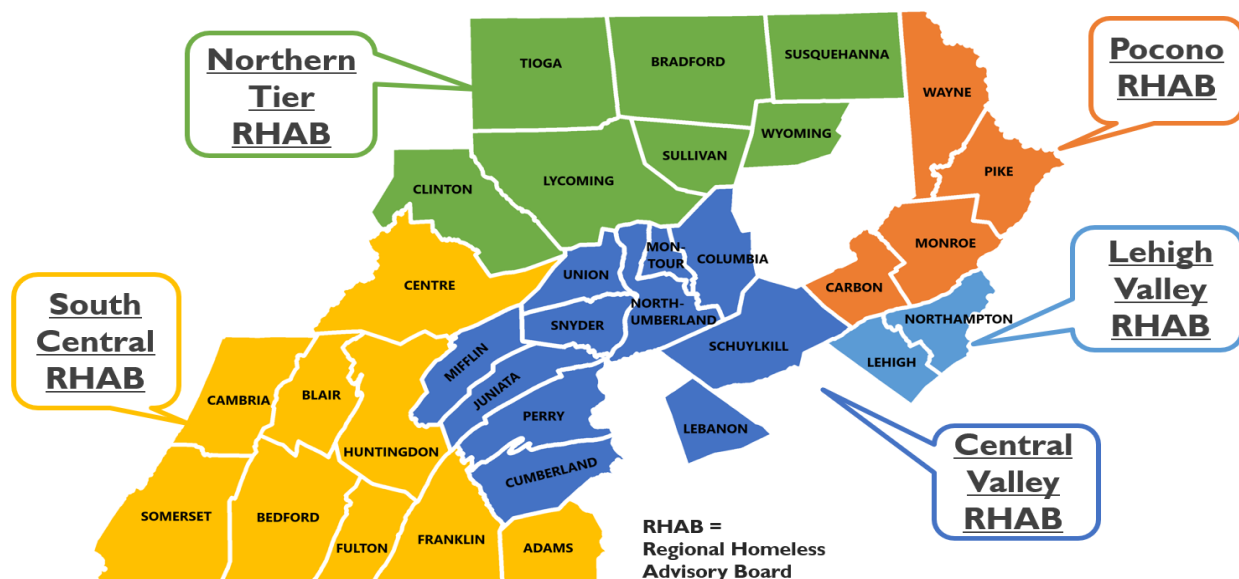

Preliminary Application due by Close of Business on August 30, 2019

The Eastern PA CoC is soliciting Preliminary Applications from agencies interested in applying for new projects to be submitted as part of the FY2019 Continuum of Care (CoC) Application this fall. At this time, the CoC is eligible to apply for up to \$606,070 in CoC Bonus funding to create new permanent housing projects. Additional funding may be available through the CoC's reallocation process.

In the Eastern PA CoC, the eligible program types under the CoC Bonus are limited to:

- **New Permanent Supportive Housing Projects serving Chronically Homeless Individuals and/or Families**
- **New Rapid Re-Housing projects**
- **Expansion Projects**
- **Transition Grants**

Funding is not guaranteed to the organization(s) selected through this RFP. Funding will be made available by HUD based on the performance of the Eastern PA CoC in the 2019 Continuum of Care national competition. Projects funded by HUD will initially be 1-year grants and will be eligible for annual renewal, dependent on the availability of funding from HUD and program performance.

The Eastern PA CoC includes 33 counties located in five regions, represented by Regional Housing Advisory Boards (RHABs):

- Central Valley – Columbia, Cumberland, Juniata, Lebanon, Mifflin, Montour, Northumberland, Perry, Schuylkill, Snyder, Union
 - Lehigh Valley – Lehigh, Northampton
 - Northern Tier – Bradford, Clinton, Lycoming, Sullivan, Susquehanna, Tioga, Wyoming
 - Pocono – Carbon, Monroe, Pike, Wayne
 - South Central – Adams, Bedford, Blair, Cambria, Centre, Franklin, Fulton, Huntingdon, Somerset
- The CoC is seeking applicants with the capacity and interest in serving multiple counties.
 - Additional points will be awarded to new projects that serve multiple counties. This may include surrounding counties, counties within your [Coordinated Entry Referral Zone](#), or counties throughout the entire RHAB.
 - New projects seeking to operate solely within their own county must provide clear data to demonstrate the need for a single county project.

Where can I find more information about how to operate a regional project? The Western PA CoC has developed a frequently asked questions document, which provides input from a provider operating a regional rapid re-housing project. In addition, this provider can provide peer assistance to any new regional projects awarded funding. The FAQ document can be accessed at:
<https://www.dropbox.com/s/jz5qiw2fswqxd4a/Regional%20Projects%20FAQ.docx?dl=0>

To indicate your interest in a new project, please submit a Preliminary Application by close of business on **Friday, August 30, 2019**.

- The Preliminary Application will be submitted via Survey Gizmo at the following link: <http://sgiz.mobi/s3/Eastern-PA-CoC-FY2019-RFP-New-Projects>
- You will also be asked to attach a budget using an Excel template provided (also can be found at: <https://pennsylvaniacoc.org/eastern-pa-coc-new-permanent-housing-project-budget-form/>), which you can attach/upload in Survey Gizmo.
- A copy of the Preliminary Application is available at <https://pennsylvaniacoc.org/eastern-pa-coc-preliminary-application-for-new-permanent-housing-projects/>, so the questions can be reviewed prior to beginning the application in Survey Gizmo.

Please review the information provided below regarding project type, eligible participants, eligible activities, expectations and requirements of the project recipient, and selection/scoring criteria to be used in the selection of new project applicants.

Additional Information to review prior to submitting a Preliminary Application

What are the goals and priorities of the CoC? As articulated in the CoC's Strategic Plan, we are

seeking to reduce homelessness by 50% by 2022. This includes effectively eliminating chronic homelessness and Veterans homelessness, as well as reducing family and youth homelessness by no less than 50% during this timeframe. As such, these are priority populations for the Eastern PA CoC.

In addition, the New Project Webinar included data to demonstrate where the CoC has made investments to address homelessness, where there are needs that exceed the existing inventory, and the types of resources needed to address these unmet needs. Projects that are responsive to these unmet needs will be given priority consideration, in comparison to projects submitted within the same community that are not aimed at addressing these unmet needs.

Who is eligible for homeless assistance under the CoC? Project participants are limited to the categories 1 and 4 of the [HUD Homeless Definition](#). Category 1 includes individuals and families experiencing literal homeless in an emergency shelter or in a location not appropriate for sleeping (e.g. street, tent, car, etc.). Category 4 includes persons fleeing domestic violence, dating violence, sexual assault, and stalking. Under certain circumstances, Category 4 may also include persons who are fleeing or attempting to flee human trafficking, including sex trafficking. Additional eligibility information can be found in the [FY2019 HUD CoC NOFA](#).

Eligible Project Types through this RFP:

- Permanent Supportive Housing Projects serving Chronically Homeless Individuals and/or Families: Units must be dedicated specifically to individuals and families who meet the chronically homeless definition. When a program participant exits the project, the bed must be filled by another household that meets the definition unless there are no chronically homeless persons located within the CoC's geographic area.
 - How is chronic homelessness defined? An individual or family head of household has a diagnosable substance use disorder, serious mental illness, developmental disability, post-traumatic stress disorder, cognitive impairments resulting from brain injury, or chronic physical illness or disability.
 - AND
 - Is currently living in a place not meant for human habitation, or in an emergency shelter.
 - AND
 - Has been homeless for at least 12 months. This includes:
 - 12 Months Continuous: At least 12 months of continuous homelessness living in a place not meant for human habitation, or in an emergency shelter;
 - OR
 - 12 Months Cumulative: Has experienced homelessness during at least 4 separate occasions in the last three years, where these 4+ occasions equal a total of at least 12 months.

- **Rapid Re-Housing:** Rapid Re-Housing is a model of housing assistance that is designed to assist those experiencing homelessness, with or without disabilities, move as quickly as possible into permanent housing and achieve stability in that housing. Rapid Re-Housing assistance is time-limited, individualized, and flexible.
 - Individuals, families and unaccompanied youth¹ eligible for Rapid Re-Housing under the FY2019 CoC NOFA include those who are:
 - Residing in a place not meant for human habitation;
 - Residing in an emergency shelter or coming directly from the streets;
 - Persons who qualify under paragraph (4) of the definition of homelessness, including persons fleeing or attempting to flee domestic violence situations;
 - Residing in a transitional housing project that was eliminated;
 - Residing in transitional housing funded by a Joint TH and PH-RRH component project;
 - Receiving services from a VA-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.
 - Unaccompanied youth aged 24 and under (or families headed by youth aged 24 and under) who have an unsafe primary nighttime residence and no safe alternative to that residence *may be served by youth-serving providers and by providers operating youth-designated projects funded under this NOFA.*

- **Expansion Project:** A renewal project applicant may submit a new project application to expand current operations **by adding units, beds, persons served, services** provided to existing program participants. If both the renewal project and new expansion project are funded by HUD, the FY2019 grant agreement will include the renewal and new expansion activities and the combined budget.

- **Transition Grant:** A renewal project applicant may apply for a Transition grant in order to change the project type, for example from Permanent Supportive Housing to Rapid Re-Housing. This should be considered if the needs within your community have changed and/or if you believe that a different project type would increase the project and system performance outcomes.
 - To create a Transition Grant, the CoC must wholly eliminate one or more projects and use those funds to create the single, new transition grant.
 - The project applicant will have one year to fully transition from the original component to the new component and this will take place during the transition grants normal operating year.
 - No more than 50 percent of each transition grant may be used for costs of eligible activities of the program component originally funded.
 - Transition grants in this Competition are eligible for renewal in subsequent fiscal

¹ Unaccompanied youth are defined as persons under age 25 who are not accompanied by a parent or guardian and are not a parent presenting with or sleeping in the same place as his/her child(ren). Unaccompanied youth are single youth, youth couples, and groups of youth presenting together as a household.

- years for eligible activities of the new program component.
- To be eligible to receive a transition grant, the renewal project applicant must have the consent of its Continuum of Care and meet the standards.

What will the HUD CoC grant pay for? The HUD grant can be used towards:

- **Housing Costs:**
 - **Operating funds** to operate a site owned or leased by your agency
 - **Rental Assistance** to assist a household pay their rent;
 - **Note:** If applying for Rapid Rehousing, Rental Assistance is the only eligible housing cost. It cannot be combined with Operating.
 - Under a Rental Assistance model, the program participant enters into the lease with the landlord and pays 30% of their income to the landlord with the provider paying the balance of rent owed.
 - **Leasing** of a single site or scattered site housing units;
 - Under a Leasing model, the provider enters into the lease with the landlord and has a sublease or rental agreement with the program participant. The provider pays 100% of the rent (up to Fair Market Rent) and the program participant pays 30% of household income to the provider.
 - **Note regarding eligible housing costs:**
 - Permanent Supportive Housing projects may request operating funds, rental assistance, or leasing dollars, depending on the structure of the project. Total housing cost per unit cannot exceed Fair Market Rent.
 - Rapid Re-Housing projects may only request rental assistance. Operating and leasing are not eligible costs under this component type.
- **Supportive Services Costs:** Case management to assist households in obtaining and maintaining their housing.
- **Administrative Costs:** To provide funding for your agency to manage the grant including drawing down funds and reporting to HUD.

Are there match requirements? CoC funding requires a 25% match – either cash or in-kind. The only exception is that leasing costs do not require a match.

Are there any special considerations that I need to be aware of?

- CoC regulation requires a minimum of monthly case management in Rapid Re-Housing projects. The CoC's Written Standards (once finalized) may require minimum case management services to be provided for all project types.
- Both PSH and RRH are permanent housing programs and are expected to operate in accordance with a **Housing First approach**:
 - Participants are not screened out based on the following:

- Having too little or no income
 - Active or history of substance use
 - Having a criminal record with exceptions for state-mandated restrictions
 - History of domestic violence
- Participants are not terminated from the program based on the following:
 - Failure to participate in supportive services
 - Failure to make progress on a service plan
 - Loss of income or failure to improve income
 - Being a victim of domestic violence
 - Any other activity not covered in a lease agreement typically found in the project's geographic area
- All project participants enrolled must come from the CoC's Coordinated Entry (Connect to Home) Community Queue.
 - To learn more about the Eastern PA CoC's Coordinated Entry System (Connect to Home), visit <https://pennsylvaniacoc.org/connecttohome/>
- You must enter complete and accurate data into the PA Homeless Management Information System (PA-HMIS). This will include adhering to the data quality and data timeliness expectations outlined within the HMIS User Agreement. Victim services organizations must enter data into a DV comparable database.
- Applicants will be expected to participate in the meetings of the local Regional Homeless Advisory Board (RHAB). In addition, all applicants must be or must become a member of the Eastern PA CoC, attend semi-annual meetings of the full CoC, and attend trainings provided through the CoC.
- You will be expected to have the capacity to operate your program in accordance with HUD requirements including:
 - Submitting your Annual Progress Report (APR) on time
 - Drawing down funds at least quarterly
 - Expend all of your grant funds within the 12-month grant period

How will projects be selected for submission to HUD? All Preliminary Applications will be reviewed by the Eastern PA CoC Funding Committee based on the following criteria. Those that are selected for submission will be notified no later than September 13, 2019 and will need to complete a new project application in esnaps.

- **Threshold:** to be considered, applicants must:
 - Use a Housing First approach
 - Provide program participants with assistance with Mainstream Benefits
 - Have experience working with the population to be served
 - Conduct at least monthly face to face case management appointments in the

- program participant's home or in a mutually agreed-upon community setting
- Participate in the Eastern PA CoC Coordinated Entry System (Connect to Home)
- Follow the CoC's written standards (once finalized) for providing assistance
- Enter data into PA-HMIS or DV comparable database
- Participate in the RHAB/CoC
- Ensure that service delivery is client-centered and culturally competent

- **Selection Criteria:** Projects will be scored based on several factors, including the below listed criteria:

- Geographic area: Preference given to regional and/or multi-county projects, unless data is provided to clearly support the need for a single-county project.
- Demonstration of need, through both data and narrative.
- Being able to serve all household types (households with children, households without children, and couples).
 - Note: While single individuals are not a population specifically highlighted within the CoC's strategic plan, data collected through the coordinated entry system has shown a significant demand for homeless assistance among this population. The CoC is interested in funding programs that have the capacity and expertise to serve all household types, including single individuals (households without children). See data presented on new project webinar.
- Strategic partnership with community providers.
- Approach to case management, including case management ratio
- Approach for providing supportive services, both through the proposed CoC-funded project and leveraged services from community providers
- Strategy for providing housing search and location services, using either staff funded through the proposed CoC-funded project or services leveraged through other resources or community partners
- Cost effectiveness of approach, as compared to similar projects within the CoC
- Experience with Housing First.
- Experience providing homeless assistance to all household types.
- Experience providing client-centered and culturally competent services.
- If applicable, capacity of the applicant to implement a regional project, either directly or through partnerships with other organizations throughout the region.
- Organizational capacity to ensure successful program operation. This includes new organizations not currently receiving CoC-funding, as well as organizations already receiving funds.
- For current and previous CoC/ESG project providers, considerations will include meeting HUD/DCED's grant management requirements, implementation of HUD policy priorities such as housing first, as well as performance outcomes of current/previous grants
- Additional consideration will be given to agencies that have not previously received CoC funding

What is my project budget? The total amount of new project funding available is not yet known. The amount will be no less than the CoC Bonus (\$606,070). While a budget is requested in the Preliminary Application, if your project is selected, the CoC's Funding Committee and Governing Board reserve the right to approve an amount other than the amount requested.

If my project is selected for submission, what is the next step? You will be notified no later than **September 13, 2019** if your project has been selected for inclusion in the FY2019 CoC Application and the amount of funding that you can request. At that time, you will receive instructions for submission of an application on esnaps, HUD's online application.

If I have questions about this who should I contact? Send an e-mail to Easterncoc@pennsylvaniacoc.org and DMA will get back to you as quickly as possible.

Notification of Eastern PA CoC Final Project Ranking for FY19 CoC Competition

Dear Eastern PA CoC-funded Grantees, Members & Stakeholders:

Below is an important notice regarding the FY 2019 CoC NOFA Competition.

Please find [posted at this link the final ranking and tiering of projects for the Eastern PA FY19 CoC Application Priority Listing](#). This ranking and tiering was determined by the CoC Funding Committee on September 18, 2019, according to the [FY19 Eastern PA CoC Funding Process and Policies](#).

Please note that projects placed into Tier 2 are ranked according to the formula detailed on pp.10-11 of the [Notice of Funding Availability \(NOFA\) for the Fiscal Year \(FY\) 2019 Continuum of Care Program Competition](#).

The Funding Committee reviewed multiple Tier 2 point value scenarios using this formula and approved the ranking and tiering which provided the strongest point value options for the Tier 2 projects and also aligns with the CoC's strategies and priorities.

In addition, there is one change to the new projects selected for submission, which occurred since the project selection notification was released on 9/11/19. It was previously announced that Victims Intervention Program (VIP) would submit the Project Application for the Domestic Violence Coordinated Entry Specialist, under the DV Bonus funding available. VIP informed the CoC last week that they were unable to implement this project across three RHABs - Pocono, Lehigh Valley and Northern Tier. After discussion with the Funding Committee, Transitions of PA was asked to submit the DV CE project application, as they were successfully awarded funding for the first DV CE position in the 2018 NOFA competition, which will cover the Central Valley and South Central RHABs.

A full listing of all projects accepted and ranked for inclusion on the Eastern PA CoC FY19 Priority Listing, including new and renewal projects, is available on the CoC's website at: <https://pennsylvaniacoc.org/eastern-pa-coc-fy2019-nofa/>.

Please contact easterncoc@pennsylvaniacoc.org with questions.

Thank you for your participation in the Eastern PA CoC and your ongoing commitment and efforts to end homelessness in Eastern Pennsylvania.

RE: Letter of support for Eastern PA Continuum of Care related to education/training resources for people experiencing homelessness

To U.S. Department of Housing and Urban Development,

This letter documents the support of Center for Community Action, for the Eastern PA Continuum of Care related to serving the education and training needs of people experiencing homelessness in the communities we serve including Bedford, Huntingdon, Fulton, Mifflin and Juniata Counties in Pennsylvania.

Our mission is to “Coordinate, partner and provide services and resources to promote self-sufficiency in our service area”. This includes partnering and participating on our local Workforce Innovation and Opportunity Act Board and provide educational and training services and volunteer services to gain work experience for the individuals seeking assistance. Individuals entering through any of our programs that are unemployed, under employed or are looking to enter into an educational or training program work with our employment and training case managers to explore their best options to move towards self-sufficiency.

We strive to work together with homeless service partners across the Eastern PA Continuum of Care to create a coordinated system that aligns resources and services so that individuals experiencing homelessness have access to the range of support and assistance they need to further their education and training, to achieve economic independence and self-sufficiency. Specifically, our organization provides the following resources to individuals experiencing homelessness in Eastern PA:

- Day Care Services through Subsidized Daycare Program referred to Early Learning Resource Center
- Employment Services – including resume writing, job search, interview skills
- Educational Services – include assist in completing training applications, TABE test to make sure they are ready for an educational program.
- Case Management
- Financial Literacy

This institution is an equal opportunity provider and employer.

- GED/HiSET tutoring, testing
- Adult Literacy

We also commit to the following strategies to support the work of the Eastern PA Continuum of Care in providing education/training services to people experiencing homelessness:

1. Develop and deliver training for Eastern PA Continuum of Care staff and provider agencies covering services offered through **Center for Community Action** and process for accessing services;
2. Provide open houses, seminars, tabling sessions, and other forums for Eastern PA Continuum of Care participants (indicate frequency) to learn about the courses and resources provided through **Center for Community Action**;
3. Designate a **Center for Community Action** liaison who can accept referrals from Eastern PA Continuum of Care staff and provider agencies for participants experiencing homelessness, and facilitate “warm hand-offs” of participants served by Continuum of Care staff and provider agencies to **Center for Community Action** services;
4. Provide on-going updates about **Center for Community Action** resources and processes;
5. Provide reports and/or access to participant data, as needed;
6. Convene partners to evaluate the partnership on a regular basis;
7. Participate in Eastern PA Continuum of Care meetings and workgroups to enhance cross-system coordination between the homeless assistance system and education/training program;

RE: Letter of support for Eastern PA Continuum of Care related to education/training resources for people experiencing homelessness

To U.S. Department of Housing and Urban Development,

This letter documents the support of Schuylkill Community Action for the Eastern PA Continuum of Care related to serving the education and training needs of people experiencing homelessness in our community.

Schuylkill Community Action's primary mission is to coordinate and focus all available resources upon the needs of low-income constituents enabling them to obtain adequate, affordable housing and secure the opportunities necessary to achieve self-sufficiency.

We strive to work together with homeless service partners across the Eastern PA Continuum of Care to create a coordinated system that aligns resources and services so that individuals experiencing homelessness have access to the range of support and assistance they need to further their education and achieve economic independence and self-sufficiency. Specifically, our organization provides the following education/training resources to individuals experiencing homelessness in Eastern PA:

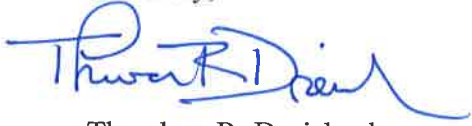

- Housing Counseling services
- Financial Literacy Education/Training
- Money Management Education/Training
- Credit Repair services
- Work Ready Program which provides education and training resources including assessment, skill evaluation, individual job skill development, and case management for job seekers who receive TANF, including individuals experiencing homelessness

Schuylkill Community Action also provides housing resources to people experiencing homelessness.

We commit to providing ongoing updates to the Eastern PA Continuum of Care about Schuylkill Community Action resources and services, to enhance cross-system coordination between the homeless assistance system and education/training program.

If additional information is needed, please reach out to us by contacting our Director of Planning, Dave Young at 670-622-1995 or dyoung@schuylkillcommunityaction.com.

Sincerely,

RE: Letter of support for Eastern PA Continuum of Care related to employment/ workforce resources for people experiencing homelessness

To U.S. Department of Housing and Urban Development,

This letter documents Workforce Board Lehigh Valley's (WBLV) support for the Eastern PA Continuum of Care related to serving the employment and workforce needs of people experiencing homelessness in our community.

The mission of WBLV is to ensure an employer demand-driven world-class workforce system aligned with economic development, education and the community focusing on targeted industry clusters.

We strive to work together with homeless service partners across the Eastern PA Continuum of Care to create a coordinated system that aligns resources and services so that individuals experiencing homelessness have access to the range of support and assistance they need to achieve economic independence and self-sufficiency. Specifically, our organization provides the following resources to individuals experiencing homelessness in Eastern PA:

Through the Workforce Innovation and Opportunities Act (WIOA), WBLV oversees the services provided through PA CareerLink® Lehigh Valley. These services are offered in multiple locations and include:

Job search assistance with an industry specific recruiter, case management with a career advisor, professional resume development, one-year follow-up for job retention, development of individual employment plans, WorkKeys® assessments, individual counseling and career planning, employability skills workshop service, customer service curriculum, basic skills remediation, direct referrals to ESL, literacy and education partners, career decision making and exploration, supportive services during program participation, occupational skills training, on-the-Job training, apprenticeships, work experience, transitional jobs and so much more.

We also partner specifically with Eastern PA Continuum of Care in providing employment services to people experiencing homelessness specifically to support youth experiencing homelessness, including teaching academic and employability skills to youth who might otherwise not have an opportunity to succeed academically or vocationally. We collaborate with youth service providers to recruit youth and collaborate to create a seamless system that ensures all youth transition successfully from school to advanced training to work.

If additional information is needed, please reach out to us:

Sincerely,

3B-3. Summary of Racial Disparities
Assessment

Attachment #12 documents include the following:

- **Racial Disparities Assessment Summary**

Eastern Pennsylvania Continuum of Care (PA-509)
Preliminary Analysis of Racial Disparity in Utilization & Outcome of Homeless Services

Introduction & Methodology

The Eastern Pennsylvania Continuum of Care conducted an analysis regarding racial disparity in utilization and outcomes of homeless services within the CoC. This review utilized data from the US Census Bureau (*Annual Estimates of the Resident Population by Sex, Race, and Hispanic Origin for the United States, States, and Counties: April 1, 2010 to July 1, 2017 & Poverty Status in the Past 12 Months*, 2016), Eastern Continuum SPM by Race-Ethnicity (for the time period 7/1/18-6/30/19), and Point-in-Time Count PA-509 Eastern Pennsylvania CoC, 2018 & 2019. Also reviewed were the following background articles: *Racial Disparities in Homelessness in the United States*, National Alliance to End Homelessness, 06/06/18 and *How to Start Addressing Racial Disparities in Your Community*, United States Interagency Council on Homeless, 07/09/2018. Using this data, along with background articles for context, the CoC analyzed data related to service utilization and outcomes within the homeless system broken out by race and ethnicity to explore potential disparities related to access to the homeless system, length of stay, exits to permanent housing/retention in permanent housing, and returns to homelessness. This review substantiated the existence of racial disparity in the number of individuals experiencing homelessness in the Continuum of Care, as well as disparity in the utilization of services and outcomes. These conclusions are drawn from the data tables below and explained in the accompanying narrative.

Percentage of individuals experiencing homelessness & utilizing homeless services in the Eastern PA Continuum of Care by Race/Ethnicity (Table 1.a & 1.b)

The first comparison of data, compiled in Table 1(a) and Table 1(b), looked at the racial/ethnic make-up of the total population of the Continuum of Care, the racial/ethnic make-up of the population of individuals living in poverty in the Continuum of Care, the racial/ethnic make-up of the individuals identified as being homeless in the Point in Time count for two consecutive years, and the racial/ethnic make-up of the individuals documented as clients of Permanent Supportive and Rapid Rehousing programs in the Continuum of Care (for the period of 07/01/18-06/30/19).

Table 1.a	Total # of persons in Continuum of Care	% of population by race	% of persons living below poverty line in Continuum of Care	2018 Point in Time	2019 Point in Time	2019 Point in Time Unsheltered	2019 Point in Time Sheltered	% of persons in CoC PSH or RRH programs
Total Persons	3,107,425	3,107,425	369,061	1998	1,843	337	1506	2,049
White	2,824,179	91%	82%	73%	74%	86%	71%	77%
Black or African American	151,734	5%	6%	22%	21%	10%	24%	18%

Native Hawaiian	2,152	<1%	<1%	<1%	<1%	<1%	<1%	<1%
Two or More Races	54,392	2%	4%	3%	4%	3%	4%	4%

Table 1.b	Total # of persons in Continuum of Care	% of population by ethnicity	% of persons living below poverty line in Continuum of Care	2018 Point in Time	2019 Point in Time	2019 Point in Time Unsheltered	2019 Point in Time Sheltered	% of persons in CoC PSH or RRH programs
Total Persons	3,107,425	3,107,425	369,061	1998	1,843	337	1506	2,049
Hispanic	247,344	8%	15%	20%	18%	7%	20%	15%
Non-Hispanic	2,860,081	92%	76%	80%	82%	92%	80%	85%

This data suggests that disproportionality based on race exists in the homeless population in this geographic area. The data indicates that people of color are overrepresented amongst those experiencing homelessness in the Eastern PA CoC region. Individuals identifying as White represent 91% of the total population of this area and 82% of those living in poverty in this community. However, these individuals represent only 74% of the population identified in the Point in Time count in 2019. By comparison, individuals identifying as Black or African Americans make up 5% of the total population of this geographic area and 6% of those living in poverty in this community but represent 21% of the individuals captured in the Point in Time count in 2019. These numbers suggest that Black or African American individuals are overrepresented in the homeless population, and White individuals are underrepresented in the homeless population. Data regarding poverty rates is included to assist in determining whether homeless rates are similar to poverty rates among these groups. This data indicates that the rate of homeless is higher than the rate of poverty for Black or African American individuals and is lower than the rate of poverty for White individuals.

Similarly, individuals identifying as Non-Hispanic compose 92% of the total population of this region, 76% of those living in poverty, and 82% of the population identified in the 2019 Point in Time count. Individuals who identify as Hispanic represent 8% of the total population of this geographic area, 15% of the population living in poverty, and 18% of the population identified in the 2019 Point in Time count. Hispanic individuals comprise 15% of the total client count of Permanent Supportive and Rapid Rehousing homeless services.

Data from the charts above indicates a potential disparity in access to Permanent Supportive Housing and Rapid Rehousing for people of color as compared to White individuals. While Black or African American individuals represent 21% of individuals experiencing homelessness in the 2019 Point in Time Count, they only represent 18% of individuals being served in CoC Permanent Supportive Housing or Rapid Rehousing programs. In addition, while Hispanic individuals represent 18% of individuals experiencing homelessness in the 2019 Point in Time count, they only represent 15% of individuals being served in CoC Permanent Supportive Housing or Rapid Rehousing programs. Investigating the cause of this disparity merits further exploration.

Outcomes of Homeless Services by Race/Ethnicity in the Eastern PA Continuum of Care

The analysis of outcomes for individuals accessing homeless services centered on four areas of data – length of stay in Emergency Shelter or Transitional Housing, Length of Stay in Permanent Supportive or Rapid Rehousing, Return to Services after Exiting, and Exit to Successful Placement/Retention. **This data was run for the period of 07/01/18-06/30/19.**

Table 2	Length of Stay (in days) in Emergency Shelter or Transitional Housing	Length of Stay (in days) in Permanent Supportive Housing or Rapid Rehousing
White	85	586
Multi-Racial	78	481
Black or African American	95	548
All Other Races (including unknown)	62	461
Average Across All Races	87	572
Hispanic/Latino	82	634
Non-Hispanic/Latino	89	563

Table 2 displays that the average length of stay for individuals of all races is 87 days in Emergency/Transitional Shelter and 572 days in Permanent Supportive Housing/Rapid Rehousing. When looking at average length of stay within different racial groups, there appears to be a disparity in length of stay for individuals of all other races (not White or Black/African American) (ES/TS= 62 days; PSH/RRH= 461 days), and Multi-Racial individuals (ES/TH= 78 days; PSH/RRH= 481 days) who experienced shorter than average lengths of stay in both Emergency/Transitional Housing and Permanent Supportive Housing/Rapid Rehousing. There also appears to be a small difference between the length of stay for Black/African American individuals and White individuals: Black/African individuals had a slightly longer stay in Emergency Shelter/Transitional Housing (95 days) and a slightly shorter length of stay in Permanent Supportive Housing/Rapid Rehousing(548 days) than White individuals (ES/TH= 85 days; PSH/RRH= 586 days). This difference may be worth further exploration.

Table 3.a	Percentage of Persons who returned after leaving Emergency Shelter or Transitional House within each racial/ethnic group	Percentage of Persons who returned after leaving Permanent Supportive Housing or Rapid Rehousing within each racial/ethnic group

Hispanic/Latino	25%	24%	8%	14%
Non-Hispanic/Latino	75%	76%	92%	86%

Tables 3.a & 3.b examine return to Emergency Shelter/Transitional Housing and Permanent Supportive Housing/Rapid Rehousing homeless services after exit from two different perspectives. Table 3.a shows what percentage of individuals of each racial/ethnic group return to these homeless programs/services after exiting. Table 3.b breaks down each program type and their associated percentages of total number of returns after exit in relation to each racial/ethnic group. Table 3.b indicates that Black/African American individuals showed a higher rate of return after leaving Permanent Supportive Housing or Rapid Rehousing, and White individuals showed a lower rate of return after leaving Permanent Supportive Housing or Rapid Rehousing. In addition, Hispanic/Latino individuals showed a higher rate of return after leaving Permanent Supportive Housing or Rapid Rehousing and Non-Hispanic/Latino individuals showed a lower rate of return. These differences merit further exploration to determine root causes and potential interventions to address these disparities.

Table 4.a	Percentage of Persons who exited Emergency Shelter or Transitional Housing to a Successful Retention/Placement within each racial/ethnic group	Percentage of Persons leaving Permanent Supportive Housing or Rapid Rehousing to a Successful Retention/Placement within each racial/ethnic group

Tables 4.a and 4.b examine the population that exits homeless programs/services to a successful placement/retention. Tables 4.a and 4.b indicate that Black/African American and Multi-Racial individuals, as well as individuals of all other races have a lower rate of successful retention/placement (Black/African American individuals= 81%; Multi-racial individuals= 84%) after leaving permanent supportive housing or rapid rehousing than White individuals (90%). This disparity merits further exploration.

Further Analysis of Racial Disparities- NAEH Racial Equity Analysis Tool

The CoC also used the NAEH Racial Equity Analysis Tool to analyze data from 04/01/18-03/01/19 related to who is experiencing homelessness in the CoC, who gets into crisis housing (emergency housing and transitional housing), who gets into permanent housing, and who returns to homelessness. This data was broken down by race and ethnicity.

Tables 5.a-5.d examine the outcomes of the Eastern PA CoC system depending on the race or ethnicity of a homeless person or family. Overall in the Eastern PA CoC from April 2018 to March 2019, 72% of the households experiencing homelessness were White, 26% were African American, 1% were Native American, and 1% were other races. The numbers of Native American households and households of other races were small relative to total households and made it difficult to analyze outcomes. 80% of the households experiencing homelessness were non-Hispanic, and 20% were Hispanic. In order to analyze potential disparities, the CoC looked at outcome data for African American households: 26% of the households experiencing homelessness in the Western PA CoC are African American, 31% of the households accessing crisis shelter are African American, 27% of the households accessing transitional housing are African American, 24% of the households accessing permanent housing are African American, and 29% of the households returning to homelessness are African American. Based on this data, there seem to be discrepancies in the rate of placement in permanent housing for African American households relative to the total households relative to the total households experiencing homelessness and accessing crisis housing. In addition, African Americans seem to be experiencing returns to homelessness at a disproportionately high rate. The CoC also looked at outcome data for Hispanic households: 20% of the households experiencing homelessness in the Western PA CoC are Hispanic, 31% of the households accessing crisis shelter are Hispanic, 17% of the households accessing transitional housing are Hispanic, 19% of the households accessing permanent housing are Hispanic, and 22% of the households returning to homelessness are Hispanic. A greater proportion of Hispanic households access crisis shelter proportionate to the percentage of Hispanic households who are experiencing homelessness; though a slightly lower percentage of households access transitional housing relative to the population. There do not seem to be evident disparities in access to permanent housing and returns to homelessness.

Key Findings

- **Rate of homelessness:** Data suggests that disproportionality based on race exists in the homeless population in this geographic area. Black and African American individuals and Hispanic individuals are overrepresented in the homeless population of this geographic region, while White individuals are underrepresented. The rate of homelessness is higher than the rate of poverty for Black or African American and Hispanic individuals and is lower than the rate of poverty for White and Non-Hispanic individuals.
- **Access to permanent housing:** Data indicates a potential disparity in access to Permanent Supportive Housing and Rapid Rehousing for people of color as compared to White individuals. While Black or African American individuals represent 21% of individuals experiencing homelessness in the 2019 Point in Time Count, they only represent 18% of individuals being served in CoC Permanent Supportive Housing or Rapid Rehousing programs. In addition, while Hispanic individuals represent 18% of individuals experiencing homelessness in the 2019 Point in Time count, they only represent 15% of individuals being served in CoC Permanent Supportive Housing or Rapid Rehousing programs. Investigating the cause of this disparity merits further exploration.
- **Length of stay:** When looking at average length of stay within different racial groups, there appears to be a disparity in length of stay for individuals of all other races (not White or Black/African American) (ES/TS= 62 days; PSH/RRH= 461 days), and Multi-Racial individuals (ES/TH= 78 days; PSH/RRH= 481 days) who experienced shorter than average lengths of stay in both Emergency/Transitional Housing and Permanent Supportive Housing/Rapid Rehousing. There also appears to be a small difference between the length of stay for Black/African American individuals and White individuals: Black/African individuals had a slightly longer stay in Emergency Shelter/Transitional Housing (95 days) and a slightly shorter length of stay in Permanent Supportive Housing/Rapid Rehousing(548 days) than White individuals (ES/TH= 85 days; PSH/RRH= 586 days). This difference may be worth further exploration.
- **Returns to homelessness:** Using the analysis of SPM data as well as the NAEH tool, both analyses indicate that Black/African American individuals experience higher rate of return after leaving Permanent Supportive Housing or Rapid Rehousing, while White individuals experience lower rate of return after leaving Permanent Supportive Housing or Rapid Rehousing. In addition, Hispanic/Latino individuals experience a higher rate of return after leaving Permanent Supportive Housing or Rapid Rehousing and Non-Hispanic/Latino individuals experience a lower rate of return. These differences merit further exploration to determine root causes and interventions to address these disparities.
- **Exits to permanent housing/retention in permanent housing:** Data indicates that Black/African American and Multi-Racial individuals, as well as individuals of all other races have a lower rate of successful retention/placement (Black/African American individuals= 81%; Multi-racial individuals= 84%; Individuals of other races= 76%) after leaving permanent supportive housing or rapid rehousing than White individuals (90%). This disparity merits further exploration.

Conclusion and Next Steps

Analysis of available data regarding racial/ethnic representation in the homeless population and the homeless services population does suggest that disproportionality based on race exists, with Black/African American and Hispanic individuals being over-represented within these populations. Data also indicated disparities in outcomes for people of color as compared to white individuals within the Eastern PA CoC. Disparate outcomes are seen for people of colors in length of stay, rate of return after exit from services, and exits to permanent housing/retention in permanent housing.

The CoC Governing Board will consider a series of next steps regarding this preliminary analysis. Next steps include:

- Further analysis of data (including both quantitative and qualitative data analysis) to better understand disparities in length of stay, rate of return after exit from services, and exits to permanent housing/retention in permanent housing for people of color, to examine causality and propose strategies to address these disparities; and
- Further collection and analysis of data (both quantitative and qualitative) to better understand the pattern of program use for people of different races and ethnicities in the homeless service system; and
- Training for homeless assistance providers to better understand and address racism, implicit bias, and the intersection of racism and homelessness; and
- Additional research to understand the scope of needs of different races or ethnicities experiencing homelessness within the CoC.
