

## 2020 Annual Performance Report

## 2020 Consolidated Annual Performance and Evaluation Report – Interactive Reports

March 25, 2021

Eccovia has added a new, interactive report for the HUD Annual Performance Report (APR) and the Consolidated Annual Performance and Evaluation Report (CAPER).

Begin by generating your APR or CAPER export using the current process. Navigate to the Reports workspace and select the HMIS Exports menu option. Select the appropriate export, complete the parameters for the report, and run the export. You will continue to use the HMIS APR 2020 Export to upload your files to SAGE.

← CSV APR - FY2020

Date Range List: -- SELECT --

Begin Date: 04/01/2020 to 03/31/2021

**Organization** - Indicate which organizations should be included in the report by selecting each organization separately, or click the  icon to select all. *Note: Only enrollments created by the Organizations selected here will be included in the export.*

Organization: \*

- Auto Org1 
- Before Sync Org

- LDS Transient Office (SLC)

**Grant Program** - Use the Grant Program and Grant Component drop down selections to narrow down the list of Grants

Grant Program: HUD: CoC

Grant Component: Permanent Supportive Housing

## Files on Server

If you need to reach out to your local HMIS Lead Agency or Eccovia Support regarding an APR or CAPER issue, please include the information shown below to assist with the issue resolution.

Once the report is available in Files on Server, you can then access the APR/CAPER Review report in the menu option under the APR/CAPER Review.

Select the View Report option for the interactive APR/CAPER report to launch. The first page of the report will display the Report Criteria and the Question 4a Project Identifiers.

The interactive functionality begins with Question 5a of the report. You now have the ability to click on the numbers (hyperlinks) to drill down into the client-level data.

Total Issues

Once you've reviewed and addressed any issues discovered in the report, you are encouraged to generate a new report using the same steps listed above. Once you no longer need files related to the original HUD APR or CAPER export in either Files on Server or the APR/CAPER Review, you can delete them or set them for removal. Unused or unnecessary exports can impact database storage, so it's important to only save the reports with which you are actively working.
