Why does the CoC score and rank grantees during the annual CoC NOFO Competition process?

WESTERN PA COC 2022 RENEWALSCORING WEBINAR- DMA, DIANA T. MYERS AND ASSOCIATES

7

7

Why Score & Rank Projects?

- **HUD Requirement. CoCs are charged with:**
 - Using objective criteria to review and rank projects
 - Reviewing performance of projects and implementing a standard process for reallocating funding from lower performing projects to create new high performing projects
 - Funding projects that are effectively serving people experiencing homelessness and that help improve the overall function of the system
 - Funding projects that meet needs within the system

Western PA CoC 2022 Renewal Scoring Webinar- DMA, Diana T. Myers and Associates

8

8

Why Score & Rank Projects?

- **The CoC Strives to Make Data-Driven Funding Decisions**
 - Is the project still meeting a need within the CoC?
 - Is the project effectively serving participants?
 - Each project's individual performance impacts the CoC's overall System Performance Measures, which impact the overall amount of funding the CoC receives from HUD (*more on that later*)
 - Is the project effectively using their funds?
 - Are project staff fully participating as members of the CoC?

WESTERN PA COC 2022 RENEWALSCORING WEBINAR- DMA, DIANA T. MYERS AND ASSOCIATES

9

9

How does the CoC decide what criteria to use to score projects?

10

10

Process for deciding renewal scoring criteria

- HUD requires CoCs to include certain criteria as part of their scoring/ranking process, including:
 - Criteria for evaluating severity of needs
 - For projects who serve participants with high vulnerability/high severity of needs, are you taking this into consideration in some way during the scoring process?
 - Performance-related criteria
 - Examples: exits to permanent housing, increases in income, returns to homelessness
 - Criteria for evaluating victim service providers
 - Method for evaluating DV providers utilizing data generated from a comparable database and evaluated domestic violence projects based on the degree they improve safety for the population they serve.
- Funding Committee is made up of non-conflicted representatives
 - Non-conflicted = their organization/program does not receive CoC funding
- Funding Committee reviews and updates the scoring criteria.

WESTERN PA COC 2022 RENEWALSCORING WEBINAR- DMA, DIANA T. MYERS AND ASSOCIATES

11

11

Process for deciding renewal scoring criteria

- Funding Committee reviews project performance from the previous year to set scoring thresholds for each criteria
 - May decide to raise or lower point thresholds based on previous years performance
- Funding Committee may also decide to add new criteria (to respond to HUD requirements or NOFO requirements or to reflect the work the CoC is doing).

12

12

Important Notes for SSO-CE, HMIS, and Planning Grants

- SSO-CE and HMIS grants will be evaluated using an abbreviated evaluation process, focusing primarily on grant management (spending and APR submission).
- SSO-CE and HMIS grantees will receive specific instructions on the survey they are to complete.
- Planning grant will not need to submit renewal evaluation information.

15

15

Performance

40 points for RRH/TH-RRH/PSH
 39 for TH
 37 for SSO

16

16

Why does the CoC score projects based on performance criteria?

- HUD wants CoC's to use objective criteria to score and rank projects, including factors related to improving system performance (e.g., exits to permanent housing destinations, length of time homeless, increasing income)
 - HUD indicates that performance criteria should account for at least 25% of points and objective criteria should account for at least 33% of points
- CoC's must show that they actively review performance of existing CoC Program-funded projects and have a standard process for reallocating funding from lower performing projects to create new high performing projects.
- HUD measures whether CoCs are performing well as an overall system through HUD's CoC System Performance Measures. **Individual project performance directly contributes to the overall system performance.**
- ***The CoC's System Performance Measures directly impact the amount of funding the CoC receives***
 - If the CoC has positive performance outcomes, the CoC will likely receive increased funding from year to year. If the CoC has negative performance outcomes, the CoC is at risk of losing funding or not receiving funding increases.

WESTERN PA COC 2022 RENEWALSCORING WEBINAR- DMA, DIANA T. MYERS AND ASSOCIATES

17

17

What are the HUD System Performance Measures (SPM)?

Length of Time Homeless: The length of time individuals and families experience homelessness.

Returns to Homelessness: The extent to which individuals and families who leave homelessness experience additional episodes of homelessness.

Number of homeless persons: Overall reduction in the number of homeless individuals and families. This includes reducing homelessness for subpopulations (e.g. veterans, families, chronically homeless)

Employment and income growth for homeless individuals and families: Includes earned income, non-employment cash income, and total income. Only CoC-funded projects contribute to this measure.

First Time Homelessness: Success at reducing the number of individuals and families who become homeless for the first time

Permanent Housing Placement/Retention: Successful housing placement to or retention in a permanent housing destination

24

24

HUD Priorities

25 points

25

25

Renewal Scoring Criteria: HUD priorities

Severity of Need - Why does the CoC score projects using criteria related to severity of need?

- HUD requirement -- For projects who serve participants with high vulnerability/high severity of needs, HUD wants to ensure that CoCs are taking this into consideration in some way during the scoring process.
- Projects who serve participants with high severity of needs may struggle in other areas (e.g., increasing income, exits to permanent housing) as a result of serving participants with high severity of need. These criteria are intended to factor that into the scoring.
- Projects are not intended to receive all points in all areas of the renewal scoring criteria. Criteria are intended to allow for a balanced evaluation of the project.

Priorities

Severity of Need - Why does the CoC score projects using criteria related to severity of need?

- **Examples:**
 - Project A serves many participant with high service needs/severity of need. Project A lost a few points related to increasing income and exits to permanent housing. However, Project A adds points in Severity of Need related to Health Conditions, Zero Income at Entry, and Unsheltered.
 - Project B serves participants with less intense service needs. Project B scores well in areas related to increasing income, exits to permanent housing, and cost per household. However, Project B receives few points related to Severity of Need related to Health Conditions, Zero Income at Entry, and Domestic Violence history.

Info for DV Providers and New Projects

- **DV Providers:** You will be asked to attach a copy of your APR when submitting the Renewal Summary Form survey. If you need assistance running your APR, please reach out to your database vendor.
- **New Projects:** If you are operating a new project and your project did not start operating until after January 1st, 2021, you will NOT be required to submit the full survey as your project will not be competitively scored. **However, you still need to submit a survey for your project.**
 - This also applies to projects where the grant was transferred from one recipient to another.

WESTERN PA COC 2022 RENEWALSCORING WEBINAR- DMA, DIANA T. MYERS AND ASSOCIATES

39

39

Important Info Regarding Consolidations

- If you requested to consolidate grants in the FY2021 Competition **you will be submitting ONE renewal summary form for all consolidated grants.**
- If questions are asking for data, please provide COMBINED data for all projects within the consolidation (e.g., if project A served 10 people from 01/01/21-12/31/21 and project B served 9 people from 01/01/21-12/31/21, then the consolidated project served 19 people).
 - **You can run a combined APR in HMIS to review data for consolidated projects together**
- In places where you need to attach documentation such as eLOCCS or documentation of APR submitted on time, you will attach documentation for ALL grants included in the consolidation

40

40

Appeals

- Renewal scoring results will be circulated to all CoC-funded grantees.
- If an error on the Renewal Scoring Sheet is identified, DMA will work to resolve that error directly or with the Funding Committee as needed.
- If a grantee is not satisfied with the outcome of an issue raised, the grantee may opt to submit an appeal. Appeals will be submitted via Alchemer. Grantees should provide as much detail and documentation as possible to support their appeal. All appeals will be discussed, deliberated and decided by the Funding Committee.

WESTERN PA COC 2022 RENEWALSCORING WEBINAR- DMA, DIANA T. MYERS AND ASSOCIATES

41

41

Appeals

- Examples of appeals with good documentation
 - Project A submitted their APR late due to an HMIS issue. Project A submits clear documentation including: 1) correspondence with HMIS team showing attempts to resolve the issue, 2) correspondence with HUD Field Office to inform them of the issue, and 3) correspondence with CoC about this issue.
 - Project B has two participants who have been in the project for 10+ years. The rules for project eligibility were different at the time when these participants were enrolled in the program, which resulted in the project losing points related to Participant Eligibility. The project submitted the following documentation: 1) proof of participants' enrollment date, 2) proof of participants' living situation at enrollment, 3) HUD guidance re: enrollment eligibility at date of participants enrollment.

42

42

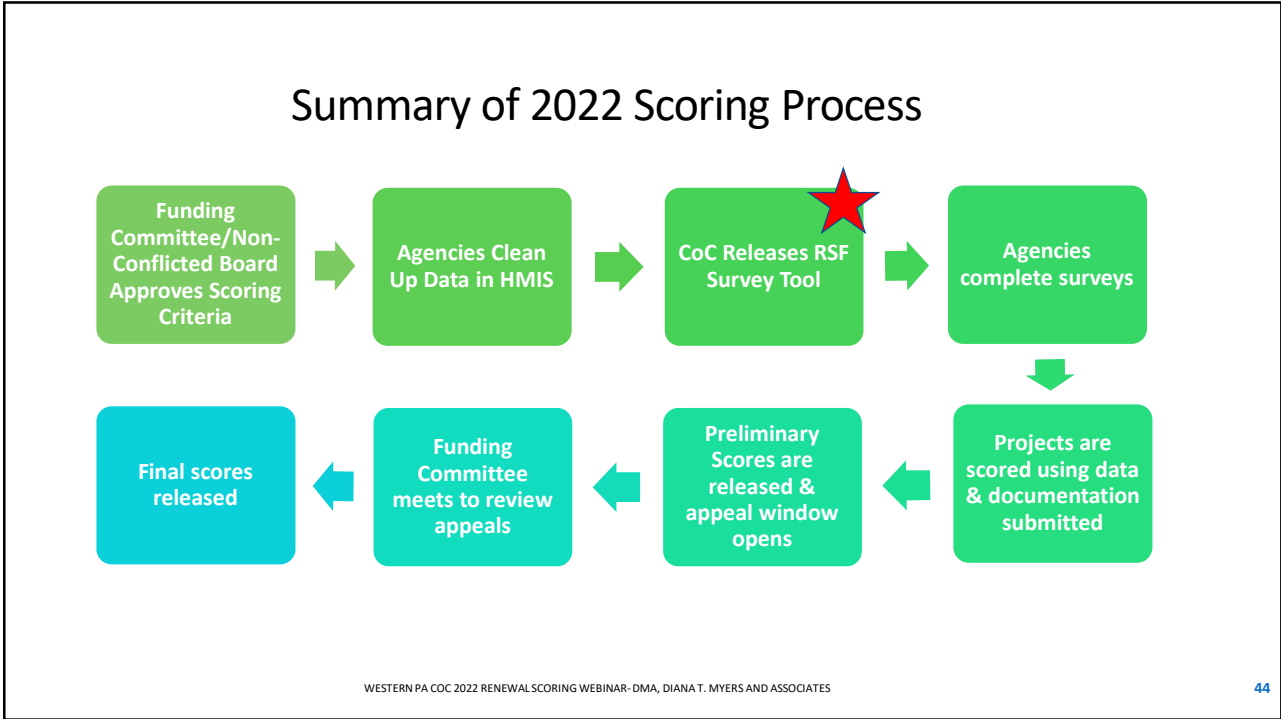

Appeals

- Examples of appeals with weak or no documentation
 - General complaints about criteria but no specific documentation of why your project should be granted an appeal. Example: “It is hard to increase income for our clients.”
 - “We are a small program and are penalized more harshly on this criteria”, but no documentation related to the specific clients this applies to.
