4B. Attachments Screen For All Application Questions

We have provided the following guidance to help you successfully upload attachments and get maximum points:

	1.	You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete.
	2.	You must upload an attachment for each document listed where 'Required?' is 'Yes'.
	3.	We prefer that you use PDF files, though other file types are supported–please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube.
	4.	Attachments must match the questions they are associated with.
	5.	Only upload documents responsive to the questions posed–including other material slows down the review process, which ultimately slows down the funding process.
	6.	If you cannot read the attachment, it is likely we cannot read it either.
		. We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).
		. We must be able to read everything you want us to consider in any attachment.
	7.	After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include.

1C-7. PHA Homeless Preference

Documents include the following:

- **Housing Authority of Centre County (HACC) Admin Plan Excerpt – Homeless Preference**
- **Cumberland County Housing Authority Admin Plan Excerpt – Homeless Preference**

3. The HACC will admit families to the Section 8 Program to comply with the Income Targeting requirement, and may adjust the waiting list selection to do so.

At any time the HACC may, at its sole discretion and without notice, adjust the selection of Income Targeting Eligible families to an amount between 75% and 100% if it has determined that an insufficient number of families whose incomes do not exceed 30% of the area median income are being admitted to the Section 8 Program.

E. TARGETING AND PREFERENCES

Eligible applicants will be placed on the waiting list and selected for admission based upon date, time and Federal Income Targeting eligibility requirements, except as provided for "Homeless Vouchers" in Chapter 4 Section F.

1. Federal Income Targeting

All families whose annual gross incomes do not exceed 30% of the area median income (extremely-low-income) at the time of admission will be considered Federal Income Targeting Eligible. Seventy-five percent (75%) of all new admissions to the Section 8 Program are required to be in this category. Families who do not meet this income requirement will be placed on the waiting list as Federal Income Targeting ineligible.

Where necessary, a request will be made to HUD by the HACC to establish and implement different targeting standards, for "good cause", in accordance with the HACC's Public Housing Agency Plan. "Good cause" may include, but is not limited to, the requirement to house eligible families as special non-waiting list admissions and the treatment of the family's income for the purposes of eligibility and Federal Income Targeting.

2. Preferences

Eligible applicants who qualify for a local preference are entitled to be placed on the waiting list and receive a preference in selection of Housing Vouchers. Families who qualify as local preference holders, as defined in this section, will be admitted prior to families who do not have a local preference within either the Federal Income Targeting Eligible or Federal Income Targeting Ineligible categories of the waiting list. All Local Preferences will be rated as equal, having no individual weight or aggregate value for multiple preferences.

The HACC will place families on the waiting list as either Federal Income Targeting Eligible or Federal Income Targeting Ineligible, by time and date of application, and by any Local Preference as described below. Over/Under housed Public Housing residents will receive highest priority on the Preference Waiting List. Applicants who fall within Transitional Housing or Domestic Violence preference will receive second priority on the Preference Waiting List. Within this preference category, families will be selected according to the date and time their completed application was received by the PHA. The remaining preference categories, Homeless Elderly/Disabled, Involuntarily Displaced, and Homeless will carry equal weight on the preference list.

OVERHOUSED PUBLIC HOUSING RESIDENTS -Any resident of Beaver Farm Apartments, who no longer qualifies to reside in Public Housing. (Must have two children to qualify) In the event a child moves out of the unit and the resident no longer has two children residing in the household the resident would qualify for preference.

TRANSITIONAL HOUSING - Any participant of the Bridge Housing or Supportive Housing Program would qualify for preference. These participants would be facing homelessness if not referred to the Section 8 Housing Choice Voucher Preference List. These applicants would be referred by Housing Transitions, Inc., the Women's Resource Center, or other similar agency that assists homeless families. The status of such homeless families must be verified by the referring.

DOMESTIC VIOLENCE - The head of household and/or members of your family are victims of actual or threatened domestic violence. The domestic violence should have occurred recently or be of a continuing nature. An applicant may qualify for victims of domestic violence if the applicant vacated a unit because of domestic violence or lives in a unit with a person who engages in violence. An applicant who qualifies for the preference should certify that the person who engaged in the violence will not reside with the applicant family. If the family is admitted, the PHA may deny or terminate assistance for breach of the agreement. The status of such victims of domestic violence must be verified by Women's Resource, Center for Domestic Violence or other similar agency that assists victims of domestic violence.

HOMELESS ELDERLY/DISABLED -The head of household and/or spouse must be homeless and elderly (62 years or older) or homeless and disabled as defined in Section 223 of the Social Security Act.

INVOLUNTARILY DISPLACED - INCLUDES situations where the landlord does not renew the lease; displacement due to non-suspicious fires, disasters, government action or action by a private owner that the tenant could not control or prevent; action carried out by a government agency in connection with a public improvement or development program. DOES NOT INCLUDE evictions for non-payment of rent: lease violations, or damages caused to the property; being asked to vacate the premises if there has been no previous rental agreement and the applicant has been part of the owner/tenant's own household immediately prior to application; overcrowding if the unit is otherwise adequate.

HOMELESSNESS -A homeless individual or family is one who lacks a fixed, regular, or nighttime residence and has a primary nighttime residence that is a supervised publicly or privately operated shelter (includes welfare hotels, congregate shelters, and transitional housing for the mentally ill); an institution that provides a temporary residence for individuals intended to be institutionalized; or an individual or family who will imminently lose their housing within 14 days. *NOTE-DOES NOT INCLUDE AN INDIVIDUAL IN PRISON OR DETAINED BY LAW.

We understand the need for housing assistance in Centre County and in order to fairly offer assistance for all needed, when vouchers become available the PHA will invite individuals/families from both the Section 8 HCV waiting list and the Preference List. For every ten (10) individuals/families offered assistance, seven (7) will be from the Centre County HCV Waiting List (until exhausted) and three (3) from the Preference List (until exhausted). Once these lists are exhausted individuals from the Others outside Centre County List will be offered assistance.

F.   PREFERENCE DENIAL

A preference does not guarantee admission. The applicant must meet all HACC tenant screening criteria before being selected as a tenant.

If the applicant's preference cannot be verified, the applicant will be notified   of the preference denial and given the opportunity for an informal hearing.

The HACC will not give a preference to an applicant if any member of the family is a person who was evicted during the past three (3) years, because of drug-related activity, violent criminal activity or alcohol abuse from housing assisted under a 1937 Housing Act program.

G.   SPECIAL ADMISSIONS (NON-WAITING LIST SELECTION)

A special admission is the admission of an applicant who is not on the HACC's waiting list or who is admitted without consideration of the applicant's waiting list position. The HACC will admit families as special admissions under the following conditions:

1.   If HUD awards funding that is targeted for families living in specified units:

- The HACC will use the assistance for the families living in these units; and

- The HACC will maintain records showing that a family was admitted with HUD-targeted assistance.

EXHIBIT 4-A: LOCAL PREFERENCES

CUMBERLAND COUNTY HOUSING AUTHORITY

EFFECTIVE JULY 1, 2011

1. **Displacement by CCHRA Action**

First preference will be given to households who have been displaced by any Cumberland County Housing and Redevelopment Authority project resulting in their loss of a fixed, regular and adequate nighttime residence. Applicants must be residing in the project at the time of displacement and must show proof of residence. Applicants assisted under this preference must lease in Cumberland County for at least two years.

Second preference will be divided equally between the Transitional Housing/Domestic Violence Shelter Preference and the Working Family Preference listed below.

2. **Transitional Housing / Domestic Violence Shelter Preference/ Move On Preference**

Preference will be given to qualified households who are living in the Cumberland County Domestic Violence Shelter or a transitional housing facility which has an operating plan acceptable to the Housing Authority, and who have completed their service plan based on information supplied by the Shelter or transitional housing provider. Households qualifying under the domestic violence preference are not permitted to have the abusing individual visit or reside in the unit for twelve months after move-in. Applicants will be required to complete a Domestic Violence Verification form (See appendix at end of chapter). Applicants receiving the Transitional Housing/Domestic Violence preference are required to lease in Cumberland County for at least two years. To retain this preference, applicants must be living in the facility on the date the voucher is issued. (A single individual or couple who are not elderly or disabled are not considered a qualified household for the bridge housing/DVS preference.)

This preference will also be given to persons transitioning out of Single Room Occupancy (SRO) facilities and other transitional or permanent housing operated by homeless providers into neighborhood based permanent housing. Applicants with a diagnosis of Intellectual & Developmental Disabilities who are on the Cumberland/Perry MH/IDD Emergency and Critical lists for residential service and who are transitioning from a community living arrangement (group home); or from a previous living arrangement (temporary shelter, family home, etc.); or individuals with a priority mental health diagnosis who are transitioning from a Community Residential Rehabilitation (CRR) program and/or have completed an independent living skills assessment with a supportive living worker will be given this preference. The referral process will include a recommendation from the individual's Mental Health (MH) Case Manager, Support Coordinator or Primary Residential Worker that supports the consumer's ability to live

independently and identifies any supports and services needed for and agreed to by the consumer. Available services and supports include: case management, psychiatric rehabilitation, support coordination, supportive living, social rehabilitation, financial management, transportation, supported employment, emergency on-call supports, social rehabilitation, and mobile crisis intervention as well as traditional services such as outpatient therapy and medication management. It is understood that continuation of mental health services is voluntary by the consumer. The Housing Authority may assist the consumer to contact the appropriate MH base service unit in order to access needed services at any time.

Individuals currently in a Permanent Supportive Housing program with Homeless and Special Needs department that have fulfilled goals, have proven stability and are ready for self-sufficiency will receive this preference. These individuals no longer require intensive case management and will open a spot for other homeless individuals. By receiving Move On preference this will allow the consumer to transition to Housing Choice Voucher Program and maintain housing assistance.

Individuals/families certified by Cumberland County Children and Youth Services who are in need of adequate housing to maintain custody or to reunify with their children; and youths at least 18 years old and not more than 21 years old (have not reached 22nd birthday) who left foster care, a Community Residential Rehab Host Home and/or Residential Treatment Facility at age 16 or older and who do not have adequate housing will be given this preference.

3. Working Family Preference

This preference will be given to households that have at least one adult member who is working and has worked 20 hours a week or more for the past six months. (Special rules apply to applicants who have been laid off due to a reduction in force or business/plant closing. See S8 Administrative Plan.) An applicant household shall be given the benefit for working families described above if the head of household or spouse are:
    a) 62 years of age or older **or**
    b) receiving Social Security Disability, Supplemental Security Income disability
       benefits or any other benefits based on an individual's inability to work. In
       addition, single parent households with children 5 years of age or younger shall
       receive the benefit of this working family preference.

Single parent households may use school or job training hours approved by the Cumberland County Housing Authority to satisfy this requirement. The Housing Authority requires that the parent/student is attending a full-time educational or job training program and provide verification from the education institution that:
    a) the educational program will lead to employment with good wages and possibly
    benefits, as evidenced, for example, by the experience of recent graduates of the
    program;

    b) the parent is making satisfactory progress; and

Project Scoring Summary - Points

<u>Scoring explanation:</u>
-Projects are scored on a 100-point scale. However, not all projects were able to be scored on all criteria. Criteria for which agencies cannot be scored are removed from the project's base score. The number of points the project is eligible for is shown in the "Adjusted Base" column.
-The number of points the project earned are shown in the "Total Points Earned" column.
-The project's "score" is shown in the "FY22 Score" column. The formula used is: Total Points Earned / Adjusted Base = FY21 Score
-Abbreviations/Terms Used:
   N/S = Not Scored - this is used for criteria for which there is no available data for scoring.
   N/A = Not Applicable - this is used for criteria which are not applicable to the project as described in the Scoring Standards.
   No Entries = this is used when projects had no entries during the lookback period, and the criterion is not scored
   No Exits = this is used when projects had no exits during the lookback period, and the criterion is not scored
   None Req'd = this is used when there were no annual assessments required during the lookback period, and the criterion is not scored

East 2022 CoC NOFA Renewal Projects
Project Scoring Summary - Points

Scoring explanation:
-Projects are scored on a 100-point scale. However, not all projects were able to be scored on all criteria. Criteria for which agencies cannot be scored are removed from the project's base score. The number of points the project is eligible for is shown in the "Adjusted Base" column.
-The number of points the project earned are shown in the "Total Points Earned" column.
-The project's "score" is shown in the "FY22 Score" column. The formula used is: Total Points Earned / Adjusted Base = FY21 Score
-Abbreviations/Terms Used:
  N/S = Not Scored - this is used for criteria for which there is no available data for scoring.
  N/A = Not Applicable - this is used for criteria which are not applicable to the project as described in the Scoring Standards.
  No Entries = this is used when projects had no entries during the lookback period, and the criterion is not scored
  No Exits = this is used when projects had no exits during the lookback period, and the criterion is not scored
  None Req'd = this is used when there were no annual assessments required during the lookback period, and the criterion is not scored

Agencies that do not currently receive CoC funding will not be evaluated on this criteria. *However, the Funding Committee may also consider performance as an additional factor for consideration if an applicant was a former CoC grantee or is a current or former ESG grantee.* 1st quintile - Top 20% ranked CoC funded agencies related to system performance: 10 points 2nd quintile: 21-40% ranked: 8 points 3rd quintile: 41-60% ranked: 6 points 4th quintile: 61-80%: 4 points 5th quintile: 81-100%: 0 points	10	8

RE: Expansion request - Eastern PA CoC

Dear Deanne,

This letter serves as confirmation that the CoC Funding Committee has reviewed your request to voluntarily reallocate $26,014 out of your SSO grant (PA0213 - Outreach and Case Management for the Disabled, Chronically Homeless), as well as your request to apply for an expansion of your existing PSH project (PA0222 - Pathways Permanent Supportive Housing Consolidation) in the amount of $26,014. These requests have been approved by the Funding Committee.

- **Lehigh Conference of Churches has been approved to apply for an expansion of their existing PSH project (PA0222 - Pathways Permanent Supportive Housing Consolidation) under Reallocated Funds in the amount of $26,014. This will specifically be an expansion of Supportive Services.**

Next steps:

- **Please see the next page for instructions and timelines for submitting your new project application.** These timelines are tight due to HUD's shortened timeframes this year; please review this information carefully and ensure that you meet the requested deadlines.

Thank you for the commitment of your organization and staff to be a partner to the Eastern PA CoC as we work together to reduce and end homelessness.

Sincerely,

Dave Young
