

Western PA Continuum of Care (CoC) FY2026 Request for Proposals Transition Project RFP – Annual CoC NOFO

Preliminary Application due by 5pm on Friday, July 31, 2026

HUD has limited Tier 1 to 60% of the CoC's current funding allocation. In addition, HUD has prioritized NEW Transitional Housing and NEW Supportive Services Only projects for Tier 2 funding.

As such, a number of existing projects operating within the Western PA CoC have been asked to transition from Permanent Housing (e.g. RRH) to Transitional Housing. Impacted projects were notified on July 21 via email from the westerncoc@pennsylvaniacoc.org.

There are important details to understand about applying for a Transition grant:

- Transition grants are designed to convert an existing project to a new project type over the course of one grant year, meaning the current project winds down, while the new project is started during the first grant year. This allows continued eligibility and/or an alternative housing plan to be established for current project participants over time, as opposed to at the end of the FY2025 grant year.
- The total budget must match the project's current budget per the [2026 Grant Inventory Worksheet](#). Funds can be moved among the Budget Line Items, but those changes cannot impact the total budget.
- Organizations transitioning to new Transitional Housing projects will be expected to provide at least 20 hours of supportive services to all clients. This includes case management, mental health services, substance use services, employment support, employment, and more. Services may be provided by the applicant organization and/or through other community-based providers and partners.

NOTE: Eligibility to apply under this RFP is limited to organizations currently funded by the Western PA CoC, in order to transition a current project to a new component type (e.g. RRH to TH). All other organizations interested in applying for new project funding should apply under the CoC's [New Project RFP, linked here](#).

Additional Information to review prior to submitting a Preliminary Application

Please review the information provided below regarding eligible applicants, eligible participants, new project types, eligible activities, expectations and requirements of the project recipient.

Eligible Applicants: Organizations currently funded by the Western PA CoC who have been

notified that they need to transition one or more renewal projects during the FY2026 CoC NOFO.

Ineligible Applicants: Organizations not currently funded by the Western PA CoC. The CoC also released a New Project RFP that is open to any eligible applicant, beyond organizations already receiving funding through the Western PA CoC.

Eligible participants - Who is eligible for homeless assistance under the CoC? Project participants are limited to Categories 1 and 4 of the [HUD Homeless Definition](#).

- Category 1 includes individuals and families experiencing literal homeless in an emergency shelter or in a location not appropriate for sleeping (e.g. street, tent, car, etc.).
- Category 4 includes persons fleeing domestic violence, dating violence, sexual assault, and stalking. Under certain circumstances, Category 4 may also include persons who are fleeing or attempting to flee human trafficking, including sex trafficking. More information about Category 4 eligibility can be found from [Safe Housing Partnerships](#).

Note: In the FY2026 CoC NOFO, HUD has expanded eligibility to include Category 2 of the HUD Homeless Definition. The CoC will need to update its Written Standards, Coordinated Entry policies and procedures, and additional documents in order to provide assessments and referrals to Category 2 eligible households. The CoC reserves the right to limit the eligibility of Category 2 households in order to prioritize the most vulnerable households experiencing homelessness within the CoC's geographic areas. Specific details around program eligibility will be updated by the CoC and shared with all CoC grantees in advance of the 2026 CoC award announcements.

Transition Projects

This RFP seeks applications from current CoC grantees who have been informed by the CoC that they must reallocate renewal project funds and submit a new project using those funds. Applicants with projects up for renewal in FY2026 may submit a new project application for consideration using the funds available for the renewal project. See below for the options available.

- **Transition Grants:** This allows for a renewal project to transition an existing project from one project type to another during the FY26 grant, if awarded. Transition grants require full reallocation of the funds available for the renewal project. In a transition grant, reallocated funds cannot be combined with CoC or DV Bonus funds. Multiple renewal projects may be reallocated to create a single new project through the transition process. Whether transitioning one or more projects, the budget for existing projects must match the budget in the new transition project. Project types allowed for transition grants are:
 - **New Transitional Housing (TH)**

- New Supportive Services Only – Standalone (SSO)
- New Supportive Services Only – Street Outreach (SSO-SO)

General Information

HUD Tier 1 and Tier 2 Process

HUD will use the Tier 1 and Tier 2 selection process described in sections V.D.3.a, V.D.3.b and V.D.3.c of the NOFO.

Tier 1

The FY26 CoC Program NOFO set Tier 1 as 60 percent of the CoC's Annual Renewal Demand (ARD). Tier 1 is estimated to be approximately **\$17,316,942** for the Western PA CoC. HUD will conditionally select project applications in Tier 1 from the highest scoring CoC application to the lowest scoring CoC application and according to the rank assigned by the CoC on the CoC Priority listing, provided the project applications pass both project eligibility, quality, and project-specific threshold review.

Tier 2

All other funding that the CoC is eligible to apply for will be considered as Tier 2 funding. Tier 2 is estimated to be approximately **\$19,654,259** for the Western PA CoC. All CoCs nationally compete for their projects in Tier 2. The amount CoCs may receive in Tier 2 funding will depend heavily on how the CoC scores in Merit Review compared to other CoCs across the country. Tier 2 funds will be competitively bid by HUD using the funding process on page 88 and scoring process on page 90 of the FY2026 CoC Program NOFO.

CoC Ranking

The Western PA CoC's ranking of project applications will determine which projects are in Tier 1 and which projects are in Tier 2. Higher ranked projects will be assigned to Tier 1, and lower ranked projects will be assigned to Tier 2. For more information about the CoC's Ranking process, please review the [Western PA funding policies for the CoC Competition](#).

The CoC will review proposals to ensure they will pass HUD's Threshold review and all requested changes are allowable.

CoC Program funding is not guaranteed. Funding will be made available by HUD based on available funds and the performance of Western PA CoC in the 2026 Continuum of Care Program national competition.

Projects selected by HUD to receive CoC Program funds will initially be 1-year grants and will be eligible for annual renewal, dependent on the availability of funding from HUD, CoC priorities, and project performance.

HUD has indicated they will announce FY26 funding awards by December 1, 2026.

Eligible New Project Types

Eligible Applicants may apply for new funds to implement the following project types:

Transitional Housing (TH)

- **General Description:** Transitional Housing (TH) provides temporary housing with supportive services to individuals and families experiencing homelessness with the goal of interim stability and support to successfully move to and maintain permanent housing.
- **Participant Eligibility:**
 - Program participants must qualify as homeless under paragraphs (1), (2), or (4) of 24 CFR 578.3, Section 103(b) of the McKinney-Vento Homeless Assistance Act.
 - Recipients/subrecipients must follow the CoC's written policies and procedures, i.e. the CoC's Written Standards.
 - All projects must participate in coordinated entry, and the selection of program participants must be consistent with the CoC's coordinated entry process.
 - Additional participant eligibility restrictions apply to projects funded through DV Bonus. More information is provided in the DV Bonus sections below.
- **Housing/Length of Stay¹:** TH projects can cover housing costs and accompanying supportive services for program participants for up to 24 months.
 - Participants in a TH project must have a signed lease, sublease, or occupancy agreement with the following requirements:
 - An initial term of at least one month
 - Automatically renewable upon expiration, except by prior notice by either party
 - A maximum term of 24 months
 - TH participants may remain in the project past 24 months if appropriate permanent housing has not been identified or if more time is needed for the household to achieve independence. However, HUD may discontinue TH funding if more than half of the households have exceeded 24 months.
 - Recipients/subrecipients must follow the CoC's written policies and procedures which may limit the length of stay.
- **Case Management/Supportive Services²:** TH projects can cover supportive services for program participants for up to 24 months.

- To facilitate the movement of program participants into permanent housing, transitional housing projects should provide a wide range of supportive services to participants while they reside in the program that meets the needs of their program participants.
- Recipients and subrecipients may require the program participants to take part in supportive services that are not disability-related services provided through the project as a condition of continued participation in the program, **except where prohibited by federal law**. Examples of disability-related services include, but are not limited to, mental health services, outpatient health services, and provision of medication, which are provided to a person with a disability to address a condition caused by the disability. Notwithstanding this provision, if the purpose of the project is to provide substance abuse treatment services, recipients and subrecipients may require program participants to take part in such services as a condition of continued participation in the program.³
- Projects can provide services to former residents of TH projects for up to six months after exiting TH to assist in the household's transition to independent living.⁴
- Per the FY26 CoC NOFO, HUD is prioritizing Transitional Housing programs that commit to the following related to supportive services:
 - The project will provide and/or partner with other organizations to provide eligible supportive services that are necessary to assist program participants to obtain and maintain housing (i.e., case management, behavioral healthcare, employment training, etc.)
 - The applicant has prior experience operating transitional housing or other projects that have successfully helped homeless individuals and families exit homelessness within 24 months or has a plan in place to ensure homeless individuals and families will exit homelessness within 24 months.
 - The applicant has previously operated or currently operates transitional housing or another homelessness project or has a plan in place to ensure that at least 50 percent of participants exit to a positive destination within 24 months and at least 50 percent of participants exit with employment income as reflected in HMIS or another data system used by the applicant.
 - The project will be supplemented with resources from other public or private sources, that may include mainstream health, social, and employment programs such as Medicare, Medicaid, SSI, and SNAP.
 - The project will assess the service needs of program participants.
 - The project will provide individualized services for program participants during their time in Transitional Housing that will result in **at least 20 hours per week** of engagement in services, activities or employment for all program participants.

- Exceptions can be made for program participants over age 62 or who is an individual with handicaps as defined in 24 CFR 8.3 or a with a developmental disability as defined under 24 CFR 578.3
- Examples of services or activities include case management, counseling, treatment, volunteering, work therapy, education, job training, community-building activities, etc.
- Employment may contribute to the 20 hours per week of engagement.
- The project will create service plans for each program participant that include the services to be provided, including when, how often, and by whom all services will be provided. Service plans should include program participant goals, strategies for achieving those goals, and target dates for achievement to focus on improved health, wellness, housing stability, and increased employment income to lead to financial stability and self-sufficiency.
- Demonstrate that the proposed project **will require program participants to take part in supportive services** (e.g. case management, employment training, substance use treatment, etc.) in line with 24 CFR 578.75(h) by attaching a supportive service agreement (contract, occupancy agreement, lease, or equivalent), **except where prohibited by federal law.**

Supportive Services Only for Street Outreach (SSO)

- **General Description:** Supportive Services Only (SSO) – Street Outreach projects allow recipients to provide supportive services—such as conducting outreach to sheltered and unsheltered homeless persons and families and providing referrals to other housing or other necessary services—to families and individuals experiencing homelessness.
- **Participant Eligibility:**
 - In SSO Street Outreach projects, the recipient may only assist program participants **for whom the recipient or subrecipient of the funds is not providing housing or housing assistance.**
 - Program participants must meet the eligibility requirements set forth in the NOFO under which the project was funded.
 - FY2026 CoC NOFO: “must serve persons who qualify as homeless under paragraphs (1), (2), or (4) of 24 CFR 578.3, Section 103(b) of the McKinney-Vento Homeless Assistance Act.
 - FY26 CoC NOFO states (p.16): “Project applicants may apply for SSO projects consistent with 24 CFR 578.37 and 578.53, including projects with the outreach service activity described at 24 CFR 578.53(e)(13) to individuals and families primarily residing in places not meant for human habitation.”

This indicates that the intent of SSO Street Outreach projects is to serve those experiencing unsheltered homelessness.

- Recipients/subrecipients must follow the CoC's written policies and procedures, including standards to prioritize referrals for SSO – Street Outreach.
- **Length of Stay:**
 - There is no maximum length of stay in SSO- Street Outreach Projects – participants may remain in the project until they achieve stable housing.
- **Case Management/Supportive Services:**
 - The CoC Program Interim Rule states that eligible activities for Outreach services are defined as:
 - Activities to engage persons for the purpose of providing immediate support and intervention, as well as identifying potential program participants
 - Specific eligible activities and services consist of:
 - initial assessment;

 - publicizing the availability of the housing and/or services provided within the geographic area covered by the Continuum of Care.
 - The proposed project should have a strategy for providing supportive services to those with the highest service needs, including those with histories of unsheltered homelessness and those who do not traditionally engage with supportive services.
 - Eligible costs under street outreach “include the outreach worker's transportation costs and a cell phone to be used by the individual performing the outreach.”⁵
 - Per the FY26 CoC NOFO, HUD is prioritizing street outreach programs that commit to the following related to supportive services:

The applicant must cooperate and not interfere or impede with the enforcement of local laws such as public camping and public drug use laws and assist/be

willing to assist first responders in their efforts to engage homeless individuals.

- The applicant has experience providing outreach services, or a plan for providing outreach services, consistent with the activity description at 24 CFR 578.53(e)(13) and has a plan for or has demonstrated effectiveness at helping people successfully exit from places not meant for human habitation to emergency shelter, treatment programs, transitional housing or permanent housing programs.

 - The costs of labor or supplies, and materials incurred by the recipient or subrecipient in directly providing supportive services to program participants; and

Eligible Project Costs, Project Budget and Match

A HUD CoC grant can be used towards:

- **Housing Costs:**

- ☞ **Operating funds** to operate a site owned or leased by your agency

- Funds may be used to pay the day-to-day operating costs in a single structure or individual housing units, including maintenance (such as scheduled replacement of major systems), repair, building security (when CoC Program funds pay for more than 50 percent of the facility by unit or area), electricity, gas, water, furniture, equipment, property insurance, and taxes.
- These **costs may not be combined with rental assistance** costs within the same unit or structure.
- Operating costs are not eligible under the SSO program component.
 - ☞ Under the SSO program component, operating costs related to spaces used to deliver supportive services are eligible costs under the Supportive Services budget line item. See Supportive Services for more details.

- ☞ **Rental Assistance** to assist a household pay their rent;

- Under a Rental Assistance model, the landlord enters into a lease with the program participant, who will pay 30% of their income to the landlord. The provider enters into an agreement with the landlord to pay the balance of the rent owed, after the rental payment by the program participant.
- There are three types of Rental Assistance:
 - ☞ Tenant-Based Rental Assistance (TBRA): In TBRA, the program participants locate housing in the private rental market and enter into a lease with the property owner.
 - ☞ Sponsor-Based Rental Assistance (SBRA): In SBRA, sponsor agencies rent units in the private market and then sublet the units to program participants. Sponsors may be private nonprofit organizations or community mental health agencies established as nonprofit organizations. If the participant moves, the sponsor may sublease to a different participant or use the SBRA in a different unit with the current participant. SBRA stays with the

sponsor.

☞ Project-Based Rental Assistance (PBRA): In PBRA, the recipient or subrecipient contracts for a particular unit or property and the participant then enters a lease with the landlord. If the participant moves, the PBRA stays with the unit for the next eligible participant.

- CoC program funds used for rental assistance may not be combined in a single structure or housing unit with CoC program funds used for leasing or operating.
- Non-profits are allowed to administer Rental Assistance in PH projects (PSH or RRH), but not in TH projects. TH projects are still required to have a state or local government or PHA administer the Rental Assistance. The administration of rental includes:
 - Contracting for and making rental assistance payments to the landlord;
 - Conducting the Housing Quality Inspections (HQS) and eventually NSPIRE inspections;
 - Calculate program participant's rent contribution, including utility allowance (if applicable); and
 - Verify rent reasonableness.

☞ **Leasing** of a single site or scattered site housing units;

- Under a Leasing model, the provider enters into the lease with the landlord and has a sublease or rental agreement with the program participant. The provider pays 100% of the rent (up to Fair Market Rent), and the program participant pays 30% of household income to the provider.
- Funds may be used to lease individual units or all or part of structures. Rents must be reasonable, and, in the case of individual units, the rent paid cannot exceed HUD-determined Fair Market Rents (FMRs).
- Leasing funds **may not be used for units or structures owned** by the recipient, subrecipient, their parent organization(s), any other related organization(s), or organizations that are members of a partnership where the partnership owns the structure, without a HUD-authorized exception.

- **Supportive Services Costs:**

- Case management to assist households in obtaining and maintaining their housing. Where possible, applicants are encouraged to leverage existing services provided through your own organization and/or community partners to provide supportive services. In addition, connecting program participants to mainstream benefits is expected. Supportive services allowed as eligible

costs under the CoC Program Interim Rule are detailed in 24 CFR § 578.53 and include:

- Annual Assessment of Service Needs
- Assistance with moving costs
- Case management
- Child care
- Education services
- Employment assistance and job training
- Food
- Housing search and counseling services
- Legal services
- Life skills training
- Mental health services
- Outpatient health services
- Outreach services
- Substance abuse treatment services
- Transportation
- Utility deposits
- Direct provision of services

- **Administrative Costs:**

- Admin provides funding for your agency to manage the grant including drawing down funds and reporting to HUD.
- The Admin amount can be up to 10% of the total grant amount less Admin.
- Eligible administrative costs are limited to: general management, oversight and coordination of the grant; training on CoC requirements; and environmental review. Admin costs do not include staff and overhead costs directly related to carrying out eligible activities, as these are eligible under the corresponding Budget Line Items.
- Please review 24 CFR § 578.59⁹ for more information about eligible administrative costs.

Further detail from HUD about eligible activities can be found in the CoC Virtual Binders¹⁰ and in the CoC Interim Rule Subpart D – Program Components and Eligible Costs.¹¹ It is the responsibility of the project applicant to ensure that applications are submitted with only eligible budget line items. Project budgets should not exceed the amount available for the specific funding type (e.g. CoC Bonus, DV Bonus) for which you are applying. The CoC's Funding Committee reserves the right to approve an amount other than the amount requested.

- **Match Requirements**

The grantee must provide a 25% match – either cash or in-kind. In-kind match, for example, can be any of the eligible services listed above. The leasing budget line item is

not included in the grant's match calculation. Match commitments require an MOU and documentation. Monthly rents (program income) collected under the operations or leasing model can count towards the match, so long as rules related to program income are followed.
